OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

January 23, 2017

Mr. Eric Smith
Federal Registration Manager
PBI/Gordon Corporation
P.O. Box 014090
Kansas City, MO 64101

Subject: Notification per PRN 98-10 – Minor updates/clarifications, consolidated sublabels
Product Name: EH 1449 Herbicide
EPA Registration Number: 2217-906
Application Date: November 2, 2016
Decision Number: 523314

Dear Mr. Smith:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, you may contact Kathryn Montague at 703-305-1243 or via email at montague.kathryn@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Kathryn V. Montague".

Kathryn Montague, Product Manager 23
Herbicide Branch
Registration Division (7505P)
Office of Pesticide Programs

NOTIFICATION

2217-906

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

01/23/2017

EH-1449 HERBICIDE

EPA Reg. No. 2217-906

Three sublabels represent the entire master label of EH-1449 Herbicide. Please refer to the appropriate section of the labeling as shown as follows:

Section
Sublabel 1: Ready-to-use intended for use by homeowners
Sublabel 2: Ready to use intended for use by homeowners and marketed by supplemental registrants.
Sublabel 3: Alternate Ready To Use sublabel, residential use

EH-1449 HERBICIDE

EPA Reg. No. 2217-906

Alternate Brand Names: Gordon's Trimec Crabgrass Plus Lawn Weed Killer Ready-To-Use, Trimec Crabgrass Plus Lawn Weed Killer Ready-To-Use

ACTIVE INGREDIENTS:

2,4-D, dimethylamine salt	0.313%
Quinclorac	0.104%
Dicamba, dimethylamine salt	0.029%
OTHER INGREDIENTS:	<u>99.554%</u>
TOTAL	100.000%

THIS PRODUCT CONTAINS:

- 2,4-dichlorophenoxyacetic acid equivalent, 0.260%
- 3,7-dichloro-8-quinolinecarboxylic acid, 0.104%
- 3,6-dichloro-o-anisic acid equivalent, 0.024%

Isomer Specific By AOAC Methods.

Note: If the design, format, or small size of the container labels makes it impractical to present the entire ingredient statement on the front panel, then add a referral statement and present this substatement on the back panel: **“See back panel for substatement of ingredient statement”**.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Harmful if swallowed. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash clothing before reuse. Wear long sleeved shirt, long pants, shoes and socks.

First Aid	
If in eyes:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If swallowed:	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to by a poison control center or doctor.• Do not give anything to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. [You may also contact 1-877-800-5556 for emergency medical treatment advice.] [Medical Information Call 1-800-225-2883]	

Environmental Hazards

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark except as noted on appropriate labels. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

[Environmental Hazards (alternate per PRN 2008-1)

This pesticide is toxic to fish and aquatic invertebrates. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.]

SUBLABEL 1

Ready-to-use intended for use by homeowners

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS:

- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets to enter the treated area until sprays have dried.
- Apply when daytime temperatures are between 50° and 90°F (do not apply above 85°F for bermudagrass). Do not treat when air temperatures exceed 90°F as damage to turfgrass may occur.
- Do not apply this product to food crops (gardens, fruits and vegetables), forage crops, or ornamental plants including flowers, trees, shrubs, hedges, woody ornamentals, groundcovers established in landscape plantings and other nontarget plants.
- Do not spray exposed roots of ornamentals and trees.
- This product is for spot treatment only.
- Do not use clippings from treated area as compost or mulch in vegetable gardens, flower beds or around other desirable plants.

PRODUCT FACTS:

What It Does: Kills major broadleaf and troublesome grass weeds including dandelion, chickweed, clover as well as crabgrass and foxtail. (See inside for complete list)

Where to Use: Lawns: Kills the weeds not the lawn when used as directed. [icon weeds]

When to Use: Apply when daytime temperatures are between 50° and 90°F, (do not apply above 85°F for bermudagrass).

Questions & Comments: [icon phone] [icon computer]

Call 1-800-xxx-xxxx or visit our website at www.companyname.com

SHAKE WELL BEFORE USING.

HOW IT WORKS:

EH-1449 Herbicide contains three proven weed killers that target lawn weeds and crabgrass. The herbicides enter the lawn weeds through their leaves and move inside the weeds, even down into the roots. And lawns listed on this label will not be harmed when used as directed.

WHERE TO USE:

EH-1449 Herbicide is a ready-to-use (RTU) product intended for the treatment of individual weeds, patches of weeds or sparse weeds scattered throughout home lawns. EH-1449 Herbicide can be applied to the following established turfgrass species:

Cool season turfgrass	Warm season turfgrass
Kentucky bluegrass Ryegrass, perennial and annual Tall fescue Mixtures of cool season grasses containing fine fescues (red, hard and chewing) and bentgrass	Bermudagrass, common and hybrid Zoysiagrass Buffalograss

DO NOT apply EH-1449 Herbicide to the following:

Warm season turfgrass	Other areas
St. Augustinegrass, Bahagrass, Centipedegrass, Carpetgrass, Seashore paspalum	Lawns with desirable clovers or legumes, Dichondra, Ornamental plants (flowers, trees, groundcovers, landscape beds and shrubs), Turfgrass species that are not listed on this label, Gardens including vegetables, fruit trees, vines and berries.

WEEDS CONTROLLED

GRASS WEEDS:

crabgrass (large and smooth), foxtail (green, yellow and giant), kikuyugrass, and broadleaf signalgrass

BROADLEAF WEEDS:

A partial list is presented below:

Annual yellow sweetclover	Cocklebur	Narrowleaf plantain	Spiny cocklebur
Aster	Common mullein	Narrowleaf vetch	Spiny sowthistle
Austrian fieldcress	Creeping Jenny (Creeping Charlie)	Nettle	Spotted catsear
Bedstraw	Cudweed	Orange hawkweed	Spotted spurge
Beggarticks	Curly dock	Oriental cocklebur	Spurweed
Betony, Florida	Daisy, English	Oxalis	Stinging nettle
Bindweed, field	Daisy, fleabane	Parsley-piert	Strawberry, India mock
Bird vetch	Daisy, oxeye	Parsnip	Tall nettle
Bitter wintercress	Dandelion	Pearlwort	Tall vervain
Bittercress, hairy	Dichondra	Pennycress	Tansy ragwort
Bitterweed	Dogbane	Pennywort	Tansy mustard
Black-eyed Susan	Dogfennel	Peppergrass	Tanweed
Black medic	Dollarweed	Pepperweed	Thistle
Black mustard	False dandelion	Pigweed	Trailing crownvetch
Blackseed plantain	Falseflax	Pineywoods bedstraw	Tumble mustard
Blessed thistle	False sunflower	Plains coreopsis (tickseed)	Tumble pigweed
Bloodflower milkweed	Fiddleneck	Plantain	Velvetleaf
Blue lettuce	Florida pusley	Poison ivy	Venice mallow
Blue vervain	Frenchweed	Poison oak	Virginia buttonweed
Bracted plantain	Galinsoga	Pokeweed	Virginia creeper
Brassbuttons	Goathead	Poorjoe	Virginia pepperweed
Bristly oxtongue	Goldenrod	Prairie sunflower	Wavyleaf bullthistle
Broadleaf dock	Ground ivy	Prickly lettuce	Western clematis
Broadleaf plantain	Gumweed	Prickly sida	Western salsify
Broomweed	Hairy fleabane	Prostrate knotweed	White mustard
Buckhorn	Hawkweed	Prostrate pigweed	Wild aster
Buckhorn plantain	Healall	Prostrate spurge	Wild buckwheat
Bulbous buttercup	Heartleaf drymary	Prostrate vervain	Wild carrot
Bull thistle	Heathaster	Puncturevine	Wild four-o'clock
Bullnettle	Hedge bindweed	Purshlane, common	Wild garlic
Burclover	Hedge mustard	Ragweed	Wild geranium
Burdock	Hemp	Red sorrel	Wild lettuce
Burning nettle	Henbit	Redroot pigweed	Wild marigold
Burweed	Hoary cress	Redstem filaree	Wild mustard
Buttercup	Hoary plantain	Rough cinquefoil	Wild onion
Buttonweed	Hoary vervain	Rough fleabane	Wild parsnip
Canada thistle	Horsenettle	Russian pigweed	Wild radish
Carolina geranium	Jimsonweed	Russian thistle	Wild rape
Carpetweed	Knawel	Scarlet pimpernel	Wild strawberry
Catchweed bedstraw	Knotweed	Scotch thistle	Wild sweet potato
Catnip	Kochia	Sheep sorrel	Wild vetch
Catsear	Lambsquarters	Shepherdspurse	Wild violet
Chickweed, common			Woodsorrel

BROADLEAF WEEDS:			
A partial list is presented below:			
Chickweed, mouseear	Lespedeza	Slender plantain	Woolly croton
Chicory	Mallow	Smallflower galinsoga	Woolly morningglory
Cinquefoil	Matchweed	Smooth dock	Woolly plantain
Clover, crimson	Mexicanweed	Smooth pigweed	Wormseed
Clover, hop	Milk vetch	Sorrel	Yarrow
Clover, red	Morningglory	Sowthistle	Yellow rocket
Clover, strawberry	Mouseear hawkweed	Spanishneedles	Yellowflower pepperweed
Clover, sweet	Mugwort	Speedwell	and other broadleaf
Clover, white	Musk thistle	Spiny amaranth	weeds
Cockle	Mustard		

WHEN TO USE:

Apply this product when weeds are small and actively growing.

CRABGRASS (large and smooth):

- **Spring:** Apply this product from crabgrass emergence until the crabgrass is 3 to 4 inches in height. This period begins the first time that you can see crabgrass in your lawn. Re-treat at 21 days later for dense populations.

FOXTAIL (GREEN, GIANT AND YELLOW):

- **Spring and early summer:** Apply this product to foxtail during the early growth stages or when foxtail is 1 to 4 inches in height. Re-treat at 21 days later for dense populations.

BROADLEAF WEEDS:

- **Spring:** Apply when **dandelion, plantain, buttercup, speedwell, knotweed** and other broadleaf weeds are young and actively growing with adequate soil moisture for best results.
- **Fall:** Apply when **henbit, chickweed, white clover, ground ivy, lawn burweed** and other broadleaf weeds are young and actively growing with adequate soil moisture for best results.

[HOW TO USE]

TRIGGER SPRAYERS:

1. Shake well. [if bottle already has sprayer attached only include steps 1 & 2 (not 1a & 1b)]
 - 1a. Connect trigger sprayer. Unscrew and discard the white cap on the bottle. Insert the hose into the bottle and tighten the cap securely.
 - 1b. Prime Sprayer: Turn the sprayer nozzle one-half turn counter-clockwise. Hold the sprayer lower than the bottle and squeeze the trigger several times until it sprays.
2. [Adjust the nozzle to coarse spray pattern to minimize wind drift. (graphic)]. Spray the weeds only. Spray [Apply] to lightly cover broadleaf and grass weeds. Excessive spraying can injure some lawns. Do not apply when daytime temperatures are above 90°F as lawn injury can occur (do not apply above 85°F for bermudagrass).

[Optional For Use with EZ Sprayer]

[EZ Connect Sprayer [Sprayer directions]

- Remove sprayer. Pull cord ALL THE WAY OUT.
- Remove top from cap on bottle.
- Insert (color) plug into spout on cap until it clicks.
- Twist nozzle on sprayer to the spray position.]

USE PRECAUTIONS:

For newly seeded areas:

- Do not apply within 4 weeks after seedling emergence of Kentucky bluegrass, fine fescue mixtures and perennial ryegrass. Apply this product to newly seeded grasses when well-established (approximately 6 weeks after seedling emergence) or after the third mowing.

For newly sodded, sprigged, or plugged areas:

- The application of this product to newly sodded, sprigged, or plugged grasses should be delayed until 3 to 4 weeks after the sodding, sprigging, or plugging operations.

Seeding:

- Turf species listed on this label can be seeded into the treated areas at four (4) weeks after the application of this product.

Irrigation:

- Do not apply this product immediately before rainfall or irrigation. For best results, do not irrigate or water the turfgrass within 24 hours after application.
- Avoid applications of this product when turfgrasses are under stress since injury may result.

Mowing:

- Delay mowing 2 days before and until 2 days after the application of this product.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Keep from freezing. Store in original container in a locked storage area inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND DISCLAIMER

FOR USE ONLY AS DIRECTED. THE MANUFACTURER NEITHER MAKES NOR INTENDS ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE HEREBY EXPRESSLY DISCLAIMED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, IN NO CASE SHALL THE MANUFACTURER BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, OR SPECIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. If these terms are not acceptable, return this product unopened immediately to the point of purchase, and the purchase price will be refunded in full. The terms of this Limited Warranty and Disclaimer cannot be varied by any written or verbal statements or agreements at the point of sale or elsewhere.

SUBLABEL 2

Ready-to-use intended for use by homeowners and marketed by supplemental registrants.

EH-1449 HERBICIDE

[EH-1449 Herbicide's exclusive and unique formula kills both broadleaf plus grassy weeds in one easy step without harming your lawn *Guaranteed!**. Ready-to-use—no mixing, no measuring, no messy cleanup. Rainproof in one hour. Controlling weeds including crabgrass in your lawn has never been easier!]

QUICK FACTS	
[Editorial Note — Marketing Claims Positioned Here]	
KILLS	Broadleaf Weeds: Dandelion, Chickweed, and Clover [Over 200+ weeds, including dandelions, chickweeds, clovers.] Grass Weeds: Crabgrass, and over 200 other weeds. [Crabgrass, foxtail and many others.]
WHERE TO USE	ON LAWNS without harming lawn grasses when used as directed (Do not use on bahiagrass, carpetgrass, centipedegrass, St. Augustinegrass [including 'Floritam'], or dichondra.)
COVERAGE	This container treats an average size lawn (X,000 to Y,000 sq.ft.).
	For questions or comments, call toll-free 1-800-XXX-YYYY or visit our website at www.CompanyName.com

This product contains: 0.260% 2,4-D acid equivalent, 0.104% quinclorac, and 0.024% dicamba acid equivalent. Isomer specific by AOAC Methods.

DIRECTIONS FOR USE	
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.	
USE RESTRICTIONS	<ul style="list-style-type: none"> • This product is for spot treatment only. • Do not use this product for controlling weeds in vegetable gardens, flower beds or around shrubs or ornamental plants. • Do not use this product on or near desirable plants, including within the dripline of tree roots. • Do not apply as a fine mist because of potential injury to desirable plants. • Do not use clippings from treated area as compost or mulch in vegetable gardens, flower beds or around other desirable plants.
HOW TO USE	<ul style="list-style-type: none"> • Turn spray nozzle to coarse spray. • Hold sprayer about 12 inches from weed, aim at center of weed, and spray to lightly cover.
WHEN TO APPLY	<ul style="list-style-type: none"> • Apply when weeds are [young] [small] and actively growing. • Apply when the daily high temperature doesn't exceed 90°F (85°F for Bermudagrass). • Rain or watering one hour after application will not wash away effectiveness.
WHERE TO APPLY	<ul style="list-style-type: none"> • To lawns - including: bermudagrass, buffalograss, Kentucky bluegrass, ryegrass, fescue, zoysiagrass and bentgrass. (Application to bermudagrass may cause temporary yellowing or discoloration, but full recovery can be expected) • (Do not use on bahiagrass, carpetgrass, centipedegrass, St. Augustinegrass [including 'Floritam'], or dichondra.)
USE PRECAUTIONS	<ul style="list-style-type: none"> • Apply when wind is calm to avoid spray drift onto desirable plants (fruit, vegetables, flowers, ground covers, shrubs and trees). • [Repeat application in 4 weeks if needed for hard-to-control weeds.] • [Do not apply while grass is emerging from winter dormancy.] • [Newly seeded lawns may be seeded 4 weeks after using this product.] • [Bare spots may be seeded 4 weeks after using this product.] • [Do not mow for 1 to 2 days after spraying [to allow weed killer to move

	<p>throughout the weed]. Do not use as compost or mulch].</p> <ul style="list-style-type: none"> • [If lawn is dry, water 1 to 2 days before using this product. (Weeds take up herbicide best when not under stress.)]
REFILL	<p>Add 1.6 fl.oz. (9½ teaspoons) of EH-1432 Herbicide to this empty [24 fl.oz.] container. Top off with water, screw the sprayer back on and shake well. (Note: refill does not contain SmartTrack(TM) spray marker.</p>
HOW IT WORKS	<p>EH-1449 Herbicide contains three proven weed killers to control lawn weeds & crabgrass, down to the root. And it won't harm your lawn when used as directed. Weeds begin to wilt and die within [24] hours and are dead within 14 to 28 days.</p>

WEEDS [Kills over 200 weeds including]:			
Black Medic Carpetweed Chickweeds Clovers Crabgrass Creeping Charlie Cudweed Curly dock Dandelion	English Daisy False dandelion Florida pusley Foxtails Ground ivy Heartleaf drymary Henbit Kikuyugrass Oxalis	Pennywort Plantains Purslane Red sorrel Sheep sorrel Spurge Spurweed Thistles Wild carrot	Wild garlic Wild geranium Wild onion (& many other broadleaf weeds) (see appendix for a more complete list of weeds controlled)

	<ul style="list-style-type: none"> • Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. • Do not allow people or pets to enter the treated area until sprays have dried.
---	--

[Optional instructions for use with battery-operated sprayer]

- **[Battery-operated trigger sprayer:** This product is applied directly from the container using the battery-operated trigger sprayer. The sprayer is packaged with the battery installed. To use, remove the cap from the container, insert the pickup tube and thread cap attached to pickup tube to the container. Move the safety lock located below the trigger to the "ON" position. Pull trigger, waiting several seconds for fluid to prime. Adjust the sprayer tip to deliver coarse spray droplets. To store, move the safety lock located below the trigger to the "LOCK" position.]

IMPORTANT! – READ BEFORE USE

How to Attach Sprayer to Bottle ■ Remove Power Sprayer and hose from side carrier. ■ Replace bottle cap with cap attached to Power Sprayer hose.

Prepare to Spray ■ Point Sprayer away from body. ■ Adjust nozzle to desired setting. Do not turn past "X" position. ■ Slide safety switch to ON position.

Spray ■ Squeeze trigger to dispense product. Sprayer may require several seconds to prime before spraying.

After Use

■ Slide safety switch to LOCK position. ■ Return Power Sprayer to side carrier for storage.

4 AA Batteries Included
For important battery information – see booklet.

PROPER USE OF BATTERIES	<ul style="list-style-type: none"> • Never mix old batteries with new. • Do Not mix Alkaline with Standard (carbon zinc) or Rechargeable (nickel cadmium) batteries. • When replacing batteries, follow diagram inside battery compartment that is
--------------------------------	---

<Drawing of Battery>	<p>located at the bottom of the sprayer.</p> <ul style="list-style-type: none"> • When storing sprayer at end of season, remove batteries to prevent leakage. • Follow manufacturer's recommendations for disposal of batteries.

[Environmental Hazards (alternate per PRN 2008-1)]

This pesticide is toxic to fish and aquatic invertebrates. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- Keep people and pets out of the area during application.
- Spray only the weed, not the entire lawn.
- This product is for spot treatment only.
- Do not apply this product in a way that will contact any person or pet, either directly or through drift.
- [Reentry Icon] Do not allow people or pets to enter the treated area until sprays have dried.
- Do not use this product for controlling weeds in vegetable gardens, flower beds or around shrubs or ornamental plants.
- Do not use this product on or near desirable plants, including within the dripline of roots of desirable trees and shrubs, as injury may result.
- Do not use clippings as mulch or compost in vegetable gardens, flower beds, or around other desirable plants.
- Do not apply as a fine mist because of potential injury to desirable plants.

USE PRECAUTIONS:

- Apply when weeds are young and actively growing.
- Delay mowing 2 days before and until 2 days after the application of this product.
- If the lawn is dry, water 24 hours before using this product.

- Do not water lawn within 24 hours of treatment.
- Certain hard-to-kill weeds may need to be spot treated in 21 days.
- For new lawns, apply only when grass has reached a height of at least 2 inches.
- Bare spots may be seeded 4 weeks after application.
- Spray when air temperatures are cooler than 90°F.
- Avoid applications during the spring transition of the warm season grasses and during periods of extremely high temperatures.

HOW IT WORKS / PRODUCT INFORMATION:

EH-1449 Herbicide contains three proven weed killers that target lawn weeds and crabgrass. The herbicides enter the lawn weeds through their leaves and move inside the weeds, even down into the roots. And lawns listed on this label will not be harmed when used as directed.

WHERE TO USE:

EH-1449 Herbicide / Product Name is a ready-to-use [RTU] product intended for the treatment of individual weeds, patches of weeds or sparse weeds scattered throughout home lawns. EH-1449 Herbicide / Product Name can be applied to the following established turfgrass types:

Cool season turfgrass	Warm season turfgrass
Kentucky bluegrass Ryegrass, perennial and annual Tall fescue Fine fescues	Bermudagrass ¹ , common and hybrid Zoysiagrass Buffalograss
¹ Application to bermudagrass may cause temporary yellowing or discoloration but full recovery can be expected. Do not apply to bermudagrass when daytime temperatures exceed 85° F.	

DO NOT apply EH-1449 Herbicide to the following:

Warm season turfgrass	Other areas
St. Augustinegrass, Bahigrass, Bentgrass Centipedegrass, Carpetgrass, Seashore paspalum	Lawns with desirable clovers or legumes, Dichondra, Ornamental plants (flowers, trees, groundcovers, landscape beds and shrubs), Turfgrass species that are not listed on this label, Gardens including vegetables, fruit trees, vines and berries.

GRASS AND BROADLEAF WEEDS CONTROLLED [KILLS WEEDS INCLUDING:]
[Some or all of the following weeds will appear on the product label]

Clover, sweet	Mugwort	Speedwell	and other broadleaf
Clover, white	Musk thistle	Spiny amaranth	weeds
Cockle	Mustard		

WHEN TO USE:

Apply this product when weeds are small and actively growing in the spring or fall. Aim at center of weed and spray to lightly cover weed leaves.

[Directions For Use Options Based On Applicator]**[Option 1: Conventional Trigger Small RTU]**

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:**Spray**

1. Turn sprayer nozzle to desired spray.
2. Squeeze trigger repeatedly to spray.

Finish

1. Turn sprayer nozzle to "OFF" [X]

[Optional illustrations may be used in conjunction with the above steps]

AND/OR

[Option 2: Conventional Trigger Large RTU]

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Spray

1. Remove sprayer from bottle by sliding [pulling] sprayer up.
2. Unwrap [uncoil] hose and insert [color] hose connector into [color] spout on bottle cap **until it clicks.**
3. [Flip up [color] spout until fully upright] [Twist spout to "ON"] [Pull spout up].
4. Turn sprayer nozzle to desired spray.
Squeeze trigger repeatedly to spray.

Finish

1. Turn sprayer nozzle to "OFF" [X].
2. DO NOT DISCONNECT HOSE CONNECTOR FROM SPOUT.
3. Place sprayer back into holster [holder].

[Optional illustrations may be used in conjunction with the above steps]

[Note to reviewer: For Options 1 and 2, Conventional Trigger Small RTU and Conventional Trigger large RTU]

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Keep from freezing. To be stored in original container and placed in areas inaccessible to children.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: [Applicator Name] can be reused with [Product Name refill bottle/container]. Follow instructions in the Reuse Directions when reusing [applicator name]. Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

AND/OR

[Option 3 - Pull 'N Spray® II]

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Spray

1. Remove sprayer from holster [holder].
2. Unwrap [uncoil] hose and insert [color] hose connector into [color] spout on bottle cap until it clicks.
3. [Flip up [color] spout until fully upright] [Twist spout to "ON"] [Pull spout up].
4. Turn sprayer nozzle to desired spray.
5. Point sprayer away from body. Slowly pull ring at bottom of sprayer until it stops, and hold for two [2] seconds to fill sprayer.
6. Press trigger to spray.

Finish

1. Turn sprayer nozzle to "OFF" [X].
2. DO NOT DISCONNECT HOSE CONNECTOR FROM SPOUT.
3. Place sprayer back into holster [holder].

[Optional illustrations may be used in conjunction with the above steps]

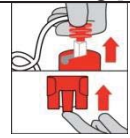

Optional Refill/Reuse Directions

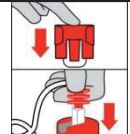

[The Pull 'N Spray II/Applicator Name [applicator/sprayer/wand] may be reused with the available EH-1449 Herbicide/Product Name refill bottle/container. Read and follow instructions in Reuse Directions to reuse the applicator.]

Refill/Reuse Directions

How to attach the [Pull 'N Spray II/Applicator Name] [applicator/sprayer/wand] to EH-1449 Herbicide /Product name [refill bottle]:

Removing [color] hose from original bottle/container:

	<p>[To remove the side holster [holder] from original bottle/container, pull [lift] the bottom tab underneath and slide the holster [holder] up.]</p>
---	---

	<p>[Attach the sprayer holster [holder] to EH-1449 Herbicide /Product Name] refill bottle/container by sliding the holster [holder] down onto the knob.]</p>
	<p>Insert [color] hose connector into [color] spout on cap <u>until it clicks.</u></p>

[Optional illustrations may be used in conjunction with the above steps]

[Note to reviewer: For Option 3 - Pull 'N Spray® II]

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Keep from freezing. To be stored in original container and placed in areas inaccessible to children.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: [Applicator Name] can be reused with [Product Name refill bottle/container]. Follow instructions in the Reuse Directions when reusing [applicator name]. Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

[Option 4 – Battery Powered Wand/Comfort Wand]

[[Applicator Name] [Applicator/Wand] Directions]

HOW TO USE:

Prep [Wand]

1. Remove sprayer [Applicator Name] from holster [holder].
2. [Remove [color] pull strip to activate batteries].
3. Unfold [Flip Open] [Applicator Name] [wand] until it clicks [locks] into position.

Connect

1. Unwrap [uncoil] hose and insert [color] hose connector into [color] spout on bottle cap **until it clicks.**
2. [Flip up [color] spout until fully upright.] [Twist spout to “ON”.] [Pull spout up].

3. Fold [Applicator Name] wand closed and place sprayer back in holster [holder].

[Optional illustrations may be used in conjunction with the above steps]

Important Use Information: Do not submerge in water. When storing sprayer for long periods, remove batteries.

[To replace batteries: See marked diagram inside battery compartment.]

Optional Refill/Reuse Directions

[The Comfort Wand/Applicator Name [applicator/sprayer/wand] may be reused with EH-1449 Herbicide/Product Name refill bottle/container. Read and follow instructions in Reuse Directions to reuse the applicator.]

Refill/Reuse Directions

How to attach the [Comfort Wand/Applicator Name] [applicator/sprayer/wand] to EH-1449 Herbicide/Product Name [refill bottle]:

Remove [color] hose connector from original bottle/container:

[Optional illustrations may be used in conjunction with the above steps]

[Note to reviewer: For Option 4 – Battery Powered Wand/Comfort Wand]]

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Keep from freezing. To be stored in original container and placed in areas inaccessible to children.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: [Applicator Name] can be reused with [Product Name refill bottle/container]. Follow instructions in Reuse Directions when reusing [applicator name]. Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

USE PRECAUTIONS:		
When to Apply:	For established lawns For newly seeded areas For newly sodded, sprigged, or plugged areas	Apply when daytime temperatures are below 90°F. Apply this product to newly seeded grasses when well-established (approximately 6 weeks after seedling emergence) or after the third mowing. Apply this product 3 to 4 weeks after the sodding, sprigging, or plugging operations.
Seeding:		The treated area can be seeded at 4 weeks after the application of this product.
Irrigation:	Non-stressed turfgrass Stress from high temperatures, drought, insects or diseases.	Adequate soil moisture and favorable growing conditions enhance the performance of this product. Avoid applications of this product when turfgrasses are under stress since injury may result. If dry conditions exist, schedule irrigations (watering) before and after the application. For best results, delay the irrigation until approximately 24 hours after application of this product.
Mowing:		Delay mowing 2 days before and until 2 days after the application of this product.
