Eric D. Smith
Federal Registration Manager
PBI/Gordon Corporation
Post Office Box 014090
Kansas City, Missouri 64101

Subject: Label Amendment – Adding a Sub label with modified directions
Product Name: EH-1468 Herbicide
EPA Registration Number: 2217-924
Application Date: March 11, 2016
Decision Number: 515264

Dear Mr. Smith:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Continued on page 2

Page 2 of 2
EPA Reg. No. 2217-924
Decision No. 515264

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Shanta Adeeb by phone at 703-347-0502, or via email at adeeb.shanta@epa.gov.

Sincerely,

Mindy Ondish for

EH-1468 HERBICIDE

EPA Reg. No. 2217-924

ACTIVE INGREDIENTS:

Imazapyr, isopropylamine salt	1.74%
Glyphosate, isopropylamine salt	3.82%
OTHER INGREDIENTS:	94.44%
TOTAL	100.00%

THIS PRODUCT CONTAINS:

- 0.12 lb Imazapyr (2-[4,5-dihydro-4-methyl-4-(1-methylethyl)-5-oxo-1H-imidazol-2-yl]-3-pyridinecarboxylic acid) per gallon or 1.42%
- 0.24 lb Glyphosate (N-(phosphonomethyl)glycine) per gallon or 2.83%

KEEP OUT OF REACH OF CHILDREN

CAUTION

STOP! READ THE ENTIRE LABEL FIRST. OBSERVE ALL PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.

See [attached booklet] [inside pages] for complete Precautionary Statements and Directions for Use, including First Aid and Storage and Disposal.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wear long-sleeved shirt and long pants, socks, and shoes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

First Aid	
If in eyes:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15 - 20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information in case of emergency, call toll free 1-877-800-5556.	

Environmental Hazards

This product is toxic to plants. Drift and run-off may be hazardous to plants in water adjacent to treated areas. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters or rinsate. See Directions for Use for additional precautions and requirements.

Physical or Chemical Hazards Statement

Combustible. Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Product Application Restrictions

- Do not allow people or pets to enter treated areas until sprays have dried.
- Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.
- Do not use on feed or food crops.
- For residential use only.

2. Product Information [What It Does]

EH-1468 Herbicide is a nonselective herbicide which kills most annual and perennial grasses, broadleaf weeds, vines, brush, and trees. The product is absorbed through leaves, stems, and roots and moves throughout the plant. Treated plants stop growing soon after application. EH-1468 Herbicide will also provide residual control for up to 12 months in the treated area. Heavy rainfall will reduce the length of residual control. Heavy clay soils may increase the length of residual control.

3. Use Sites [Where To Use]

EH-1468 Herbicide may be used to control weeds in: [In fencerows, hedgerows, shelter belts. Around domestic (residential) dwellings, residential storage areas, residential buildings, structures and shelters such as stables, and dog kennels. Along fences of paddocks and corrals. For the establishment and

maintenance of wildlife openings. Paved areas (including crack and crevice), curbs, sidewalks, driveways, parking areas, brick walks, gravel paths, paths, patios, and vacant lots, urban areas, recreational areas, play areas, and tennis courts. Along fences.]

IMPORTANT: Use only in areas where you want to 1) kill all existing vegetation and 2) suppress regrowth for up to 12 months. Do not use in gardens, flower beds or in areas intended to be seeded or planted within 12 months. Newly planted trees, shrubs and flowers are especially sensitive. Do not use for treatment of aquatic plants. In lawns, do not use for individual weed control.

[If you **do not** desire to suppress regrowth, use a product which only contains glyphosate [such as Gordon's Pronto Big N' Tuf 41% Glyphosate Weed & Grass Killer] instead.]

4. Application Directions

The maximum number of applications is 1 broadcast and 1 spot treatment per year OR 2 spot treatments per year OR 1 brush control application per year. The maximum annual rate is 36 fl.oz. per 1,000 sq.ft. per year.

Equipment Cleanup: Thoroughly flush application equipment with water after using this product. Do not flush equipment near desirable plants or their root zones.

4.1 For Total Vegetation Control (Including Bareground Treatment)

Use hand-operated spray equipment such as backpack sprayers, pump-up sprayers, or sprinkling can. Mix 18 fl.oz. of product with water to produce 3 to 5 gallons of spray solution. Weeds should be growing vigorously at the time of application for maximum herbicide activity. [Addition of a surfactant to the spray solution will enhance performance.]

For Broadcast Treatments: Uniformly spray the area where bareground is desired. 18 fl.oz. of product will cover 1000 sq.ft.

For Spot Treatments: Spray the foliage of clumps of weeds. Apply no more than 18 fl.oz. of product per 1000 sq.ft. 1 spot treatment may be used after a broadcast treatment to control weed escapes.

4.2 For Brush Control

Use hand-operated spray equipment such as backpack sprayers or pump-up sprayers. Mix 36 fl.oz. of product with water to produce 1 gallon of spray solution. Uniformly spray the foliage of woody weeds. Excessive wetting of foliage is not recommended. Weeds should be growing vigorously at the time of application for maximum herbicide activity. [Addition of a surfactant to the spray solution will enhance performance.]

5. For All Application Types: Avoiding Injury to Non-Target Plants

Movement of the product from the target plant or site may injure non-target plants. Follow these precautions to manage off-target movement.

1. **Runoff:** Do not over apply causing runoff from the treated foliage. Do not apply to slopes.
2. **Spray Drift:** Spray drift from applying this product may result in damage to sensitive plants adjacent to the treatment area. Avoiding spray drift is the responsibility of the applicator. Applications with wind speeds greater than 10 mph are prohibited. Applications into temperature inversions are prohibited.
3. **Roots of Trees and Shrubs:** Untreated plants can be affected by root uptake. Do not use over the root zone of desirable trees and shrubs. Roots extend beyond the drip line and can extend under fences, driveways, patios, sidewalks, paths, and similar landscape elements.
4. **Movement of Treated Soil:** Do not treat powdery, dry or light sandy soils when the soil may be blown by wind. If necessary soil surface should be settled by rain or irrigation.

6. Weeds Controlled

EH-1468 Herbicide will control or suppress most grasses, broadleaf weeds, woody brush, vines, and trees as listed. The degree of control and residual varies by plant species. [List of weeds controlled:]

[Optional weed list table. Some or all may be included on label.]

GRASSES [43]			
Annual bluegrass	Crowfootgrass	Itchgrass	Sandbur
Bahiagrass	Dallisgrass	Johnsongrass	Smooth brome
Barnyardgrass	Downy brome	Kentucky bluegrass	Timothy
Beardgrass	Fall panicum	Lovegrass	Torpedograss
Bermudagrass	Feathertop	Orchardgrass	Vaseygrass
Big bluestem	Fescue	<i>Panicum</i> spp.	Wild barley
Broadleaf signalgrass	Foxtail	Prairie cordgrass	Wild oats
Canada bluegrass	Giant reed	Prairie three awn	Wirestem muhly
Cheat	Goosegrass	Quackgrass	Witchgrass
Cogongrass	Guineagrass	Reed canarygrass	Woolly cupgrass
Crabgrass	Italian ryegrass	Sand dropseed	

BROADLEAF WEEDS [75]			
Arrowwood	Dogfennel	Mullein	Smartweed
Broom snakeweed	Fiddleneck	Nettleleaf goosefoot	Sorrell
Bull thistle	Filaree	Oxeye daisy	Sowthistle
Burclover	Fleabane	Pepperweed	Spurge, annual
Burdock	Giant ragweed	Pigweed	Stinging nettle
Camphorweed	Goldenrod	Plantain	Sunflower
Canada thistle	Gray rabbitbrush	Pokeweed	Sweet clover
Carolina geranium	Henbit	Primrose	Tansymustard
Carpetweed	Hoary vervain	Puncturevine	Texas thistle
Chickweed, mouseear	Horseweed	Purple loosestrife	Velvetleaf
Clover	Indian mustard	Purslane	Western ragweed
Cocklebur	Japanese	Pusley, Florida	Wild carrot
Common chickweed	bamboo/knotweed	Rocket, London	Wild lettuce
Common ragweed	Knotweed, prostrate	Rush skeletonweed	Wild parsnip
Cudweed	Kochia	Russian knapweed	Wild turnip
Dandelion	Lambsquarters	Russian thistle	Woollyleaf bursage
Desert camelthorn	Little mallow	Saltbush	Yellow starthistle
Diffuse knapweed	Milkweed	Shepherd's purse	Yellow woodsorrel
Dock	Miner's lettuce	Silverleaf nightshade	

VINES [12]			
Field bindweed	Poison ivy	Virginia creeper	Wild rose (Including: Multiflora and Macartney rose)
Hedge bindweed	Redvine	Wild buckwheat	
Honeysuckle	Trumpet creeper	Wild grape	
Morningglory			

WOODY BRUSH AND TREES [51]			
Alder	Chinaberry	Madrone	Sassafras
American beech	Chinese tallow-tree	Maple	Sourwood
Ash	Chinquapin	Melaleuca	Sumac
Aspen	Cottonwood	Mulberry	Sweetgum
Autumn olive	Cypress	Oak	Sycamore
Bald cypress	Dogwood	Persimmon	Tanoak
Bigleaf maple	Eucalyptus	Poison oak	Titi
Birch	Hawthorn	Popcorn-tree	Tree of heaven
Black oak	Hickory	Poplar	<i>Vaccinium</i> spp.
Blackgum	Huckleberry	Privet	(Including: Blueberry and Sparkleberry)
Boxelder	<i>Lyonia</i> spp. (Including: Fetterbush and Staggerbush)	Red alder	Willow
Brazilian peppertree		Red maple	Yellow-poplar
Ceanothis		Saltcedar	

WOODY BRUSH AND TREES [51]			
Cherry			

End optional weed list table.]

For nonrefillable plastic containers less than 2.5 gallons

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Store in original container in a locked storage area. Keep from freezing.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

For refillable containers from 55 gallons to 295 gallons

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Keep from freezing.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. To clean the container before final disposal, empty the remaining contents from this container into application equipment or a mix tank. Fill the container about 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinsate into application equipment or rinsate collection system. Repeat this rinsing procedure two more times.

LIMITED WARRANTY AND DISCLAIMER

FOR USE ONLY AS DIRECTED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE MANUFACTURER NEITHER MAKES NOR INTENDS ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE HEREBY EXPRESSLY DISCLAIMED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, IN NO CASE SHALL THE MANUFACTURER BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, OR SPECIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. If these terms are not acceptable, return this product unopened immediately to the point of purchase, and the purchase price will be refunded in full. The terms of this LIMITED WARRANTY STATEMENT cannot be varied by any written or verbal statements or agreements at the point of sale or elsewhere.

Environmental Hazards

This product is toxic to plants. Drift and run-off may be hazardous to plants in water adjacent to treated areas. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters or rinsate. See Directions for Use for additional precautions and requirements.

Physical or Chemical Hazards Statement

Combustible. Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Use Restrictions

- Do not allow people or pets to enter treated areas until sprays have dried.
- Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.
- Do not use on feed or food crops.
- For residential use only.

2. What It Does

EH-1468 Herbicide is a nonselective herbicide which kills most annual and perennial grasses, broadleaf weeds, vines, brush, and trees. The product is absorbed through leaves, stems, and roots and moves throughout the plant. Treated plants stop growing soon after application. EH-1468 Herbicide will also provide residual control for up to 12 months in the treated area. Heavy rainfall will reduce the length of residual control. Heavy clay soils may increase the length of residual control.

3. Where To Use

EH-1468 Herbicide may be used to control weeds in: [In fencerows, hedgerows, shelter belts. Around domestic (residential) dwellings, residential storage areas, residential buildings, structures and shelters

such as stables, and dog kennels. Along fences of paddocks and corrals. For the establishment and maintenance of wildlife openings. Paved areas (including crack and crevice), curbs, sidewalks, driveways, parking areas, brick walks, gravel paths, paths, patios, and vacant lots, urban areas, recreational areas, play areas, and tennis courts. Along fences.]

IMPORTANT: Use only in areas where you want to 1) kill all existing vegetation and 2) suppress regrowth for up to 12 months. Do not use in gardens, flower beds or in areas intended to be seeded or planted within 12 months. Newly planted trees, shrubs and flowers are especially sensitive. Do not use for treatment of aquatic plants. In lawns, do not use for individual weed control.

[If you **do not** desire to suppress regrowth, use a product which only contains glyphosate instead.]

4. How Much To Use

The maximum number of applications is 1 broadcast and 1 spot treatment per year OR 2 spot treatments per year OR 1 brush control application per year. The maximum annual rate is 36 fl.oz. per 1,000 sq.ft. per year.

Equipment Cleanup: Thoroughly flush application equipment with water after using this product. Do not flush equipment near desirable plants or their root zones.

4.1 For Total Vegetation Control (Including Bareground Treatment)

Use hand-operated spray equipment such as backpack sprayers, pump-up sprayers, or sprinkling can. Mix 18 fl.oz. of product with water to produce [1] [1 to 5] [3 to 5] gallon[s] of spray solution. Weeds should be growing vigorously at the time of application for maximum herbicide activity. [Addition of a surfactant to the spray solution will enhance performance.]

For Broadcast Treatments: Uniformly spray the area where bareground is desired. 18 fl.oz. of product will cover 1000 sq.ft.

For Spot Treatments: Spray the foliage of clumps of weeds. Apply no more than 18 fl.oz. of product per 1000 sq.ft. 1 spot treatment may be used after a broadcast treatment to control weed escapes.

4.2 For Brush Control

Use hand-operated spray equipment such as backpack sprayers or pump-up sprayers. Mix 36 fl.oz. of product with water to produce 1 gallon of spray solution. Uniformly spray the foliage of woody weeds. Excessive wetting of foliage is not recommended. Weeds should be growing vigorously at the time of application for maximum herbicide activity. [Addition of a surfactant to the spray solution will enhance performance.]

[5. How To Apply]

[Option 1]

[Using The Ready Spray Nozzle] [Hose End Sprayer Instructions]

1. Shake container well before using.
2. Connect a garden hose to the Ready Spray nozzle. Make sure the dial on the nozzle is in the "OFF" position with the [green] safety tab in the valve notch.
3. Turn on water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.
4. To BEGIN spraying, point nozzle toward treatment site and a.) bend the [green] safety tab back (located at right of yellow dial) with your thumb, b.) hold while turning yellow dial clockwise until it stops. Water will automatically mix with the product.
5. Spray until wet to control insects. Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas.
6. To STOP spraying, QUICKLY turn the dial counter clockwise until it stops and the safety tab

engages into the notch on the valve. Turn water off at faucet. To relieve pressure before removing nozzle from hose, bend the safety tab back and turn dial “ON” until water stops spraying.

- To STORE unused product, make sure the dial is in the “OFF” position with [green] safety tab in the valve notch. Place in cool area away from heat, sunlight or open flame.]

[Option 2]

[USING THE READY SPRAY NOZZLE]

- Shake container well before using.
- Connect a garden hose to the Ready Spray nozzle. Make sure lever is fully forward in the “OFF”.
- Turn on water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don’t come in contact with the treated area.
- To BEGIN spraying, point nozzle toward treatment site and pull lever backwards towards hose connection. Water will automatically mix with the product.
- Spray until wet to control weeds. Walk at a steady pace working back towards the faucet while spraying using an even sweeping motion, slightly overlapping treated areas.
- To STOP spraying, push lever forward toward nozzle until water flow stops. Turn water off at faucet. To relieve pressure before removing nozzle from hose, pull lever backwards towards hose connection until water stops spraying.
- To STORE unused product, make sure lever is fully forward in the “OFF” Place in cool area away from heat, sunlight or open flame.

6. Avoiding Injury To Non-Target Plants

Movement of the product from the target plant or site may injure non-target plants. Follow these precautions to manage off-target movement.

- Runoff:** Do not over apply causing runoff from the treated foliage. Do not apply to slopes.
- Spray Drift:** Spray drift from applying this product may result in damage to sensitive plants adjacent to the treatment area. Avoiding spray drift is the responsibility of the applicator. Applications with wind speeds greater than 10 mph are prohibited. Applications into temperature inversions are prohibited.
- Roots of Trees and Shrubs:** Untreated plants can be affected by root uptake. Do not use over the root zone of desirable trees and shrubs. Roots extend beyond the drip line and can extend under fences, driveways, patios, sidewalks, paths, and similar landscape elements.
- Movement of Treated Soil:** Do not treat powdery, dry or light sandy soils when the soil may be blown by wind. If necessary soil surface should be settled by rain or irrigation.

7. Weeds Controlled

EH-1468 Herbicide will control or suppress most grasses, broadleaf weeds, woody brush, vines, and trees as listed. The degree of control and residual varies by plant species. [List of weeds controlled:]

[Optional weed list table. Some or all may be included on label.]

Ceanothis		Saltcedar	
Cherry			

End optional weed list table.]

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a cool dry area away from heat or open flame.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: **If empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND DISCLAIMER

FOR USE ONLY AS DIRECTED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE MANUFACTURER NEITHER MAKES NOR INTENDS ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE HEREBY EXPRESSLY DISCLAIMED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, IN NO CASE SHALL THE MANUFACTURER BE LIABLE FOR INCIDENTAL,

CONSEQUENTIAL, OR SPECIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. If these terms are not acceptable, return this product unopened immediately to the point of purchase, and the purchase price will be refunded in full. The terms of this LIMITED WARRANTY STATEMENT cannot be varied by any written or verbal statements or agreements at the point of sale or elsewhere.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

APPENDIX

1. Advertising claims that may be presented on container labeling, advertisements, brochures, and other marketing/sales promotional materials:

Herbicide Benefit Claims:

- Offers long-term weed control in places where no growth is wanted
- Kills [Controls] [unwanted] [tough] [weeds], [brush], [plants], and [grasses]
- Prevents [weeds and] [vegetative] [New] growth for up to 1 year.
- Apply only where no vegetation growth is wanted for up to 1 year.
- Kills [Controls] all vegetation
- Year-long control of tough weeds & brush
- Dual-Action technology kills and prevents weeds, grass and brush for up to 12 months
- Goes to the roots to stop growth fast
- [Where to Use:] Apply where no vegetation is desired in areas such as fencerows, driveways, around residential buildings, propane tanks, around residential storage areas, parking areas, patios, and pathways, [and more areas listed on label].
- Kills: tough weeds, brush and grasses [as listed] and prevents new growth for up to 1 year
- Amount to use: Mix 18 fl.oz. of product with 3-5 gallons of water to cover 1,000sq.ft.
- Kills and prevents weeds, grass and brush for up to [12 months] [1 year]
- Kills & prevents vegetation for up to 1 year
- Results in hours
- Kills the root
- Offers long-term weed control
- Kills unwanted weeds, brush and grass as listed
- Year-long control
- Year-long control of tough weeds and brush as listed
- Kills all vegetation – weeds, grasses, and brush
- Visible results in hours
- Works in hours
- Kills unwanted weeds

General Marketing Claims:

- XX fl.oz. of product treats up to YYYY sq.ft
- Covers [up to] XXXX sq.ft.
- For driveways, patios, fence rows, and other places where no vegetation is desired.
- For patios, fence rows, and other listed places where no vegetation is desired
- Use Where No Growth Is Desired
- Fencerows, Driveways, And More Sites As Listed . . . Around Residential Buildings, Residential Storage Areas, Patios
- Getting Started
- Amount to Use: Mix 18 fl.oz. of product with 3-5 gallons of water to cover 1,000 sq.ft.
- Coverage: This [size container] treats[up to] [XXXX sq.ft.]
- [Telephone Icon][Computer Icon] For questions or comments call toll-free 1-800-884-3179 Mon. – Fri. 8:00 a.m. – 4:30 p.m. CST or visit: GordonsUSA.com
- Rainproof in XXX
- Guaranteed* to work or your money back [*If you are not satisfied with this product for any reason, send your written request for a refund to the address below, together with the original dated store receipt showing the price you paid. Please allow 6-8 weeks for processing.]
- Questions or Comments? Call 1-800-322-5553
- NOTICE: To the extent required by applicable law, buyer assumes all responsibility for safety and use not in accordance with directions

Applicator Claims:

- Easy to use
- Easy to use sprayer
- Attach to hose & spray
