

## DIRECTIONS

EXCELCIDE CCC Residual No. 1 should be applied to insect frequented surfaces inside the plant at regular 2-4 week intervals.

This formula is designed to control exposed stages of grain weevils, saw-toothed grain beetles, cockroaches, silverfish and flying insects: flies, gnats, and mosquitoes which will alight and rest on the treated surface.

For treatment inside boxcars, the material should be used either with a tank-type sprayer or with a power sprayer so as to coat the entire wall surface of the boxcar in an effort to control insects that might emerge from behind the walls and contaminate the goods during shipment.

Approximately 1 gallon should be applied per 1,000 square feet of typical wall surface.

EPA Reg. No. 2270-33

## CCC RESIDUAL No. 1

A Ready-To-Use Methoxychlor-Synergized Pyrethrin Residual Spray Formula for Application in Boxcars or Food Processing Plants.

### CAUTION:

KEEP OUT OF REACH OF CHILDREN

(See additional cautions on side panel.)

#### ACTIVE INGREDIENTS

*Methoxychlor, Technical	2.75%
**Technical Piperonyl Butoxide	1.06%
Pyrethrins	.11%

#### INERT INGREDIENTS

	96.08%
*Equivalent to 2.42% 2,2-bis(p-methoxyphenyl)-1,1,1-trichloroethane and .33% other reaction compounds.	
**Equivalent to .848% (butylcarbityl)(6-propylpiperonyl) ether and .212% related compounds.	

## THE HUGE COMPANY, Inc.

SAINT LOUIS, MO 63112

## DIRECTIONS

EXCELCIDE CCC Residual No. 1 is complete to-use and requires no dilution.

It is to be applied in a garden variety or tank-type dual sprayer to all surfaces over which crawling frequent or on which flying insects alight to a lethal deposit which will kill insects contacting treated surface for several days after application.

The sprayer should be provided with a fan pattern so that the treated surface is left glistening yet does not "run". The material should not be applied directly onto food surfaces.

This formula is designed to protect sensitive food container linings from picking up objectionable odors from the insecticide.

### CAUTION

Harmful if swallowed. Avoid contact with skin, clothing. Avoid breathing of spray mist. Avoid contamination of feed and foodstuffs. Do not reuse drum to drum reconditioner or destroy by perforation, crushing and burying in a safe place. Do not apply to the edible products areas of food processing plants. This product is toxic to fish. Keep out of lakes or ponds. Apply this product only as specified on label. Do not contaminate water by cleaning equipment, or disposal of waste. Do not allow spray drift into lakes, streams or ponds, or to areas inhabited by unprotected persons.

### NOTICE

The manufacturer and seller warrant that this product conforms to the chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label directions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of use.
