

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed. Do not breathe vapors or mist. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Wash all contaminated clothing with soap and hot water. Wear protective clothing. Wear a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration and by the National Institute for Occupational Safety and Health. Keep unprotected persons out of application areas. Do not allow insecticide or vapors to drift into areas not being treated. Do not remain in treated areas. Ventilate treated areas after treatment is completed, taking care that the vapors will not drift into other parts of building. Do not contaminate water, food or feed. Keep out of reach of children and domestic animals. Do not use on humans, pets, or livestock. Do not allow the product to contact plants or food crops. Do not mix or combine with other pesticides or chemicals. This product is not for household use. Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After space spraying in bakeries, and other food processing plants, wash all equipment, benches, shelving, etc., with potable water where exposed food will be handled. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.

Remove pets and birds, and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of waste.

PHYSICAL OR CHEMICAL HAZARDS

This formulation may stain or otherwise harm certain construction materials, fabrics, or other materials. First apply to a small inconspicuous area of such materials. If harm results, use should immediately be discontinued in these areas.

FIRE HAZARDS

All thermal fogging formulations can burn. This product is combustible. It contains tetrachloroethylene to help reduce the fire and explosion hazards when used in accordance with the directions on this labeling.

Do not use, pour, spill, or store near heat, electrical sparks or arcing, welding, strong oxidizers, or open flame. Extinguish pilot lights and all sources of ignition before use. Do not direct fog at any combustible material and maintain a distance of at least 10 feet between the equipment nozzle and any combustible surface.

Never leave the thermal fogging machine unattended while in operation. Do not wedge or tie the "on-off" lever in the "on" position. Follow all operation, maintenance, storage and safety instructions and precautions of the thermal fogging equipment manufacturer.

¡PRECAUCION!

AL USUARIO: Si usted no lee inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.

TO THE USER: If you cannot read English, do not use this product until the label has been fully explained to you.
