

**DIRECTIONS**

**For Flying Insect Control**

ABCO CONTACT SPACE SPRA is designed for control of Flies, Gnats, Mosquitoes, and Fly Moths, the adult Mediterranean Flour Moth and Angoumois Grain Moth. Spray ABCO CONTACT SPACE SPRA into entire room, after closing off all air currents. Spray should be directed upward at walls and ceilings so that as many insects as possible can be contacted with a direct vapor deposit. EXCELcide permanent spraying systems, either automatic or non-automatic, are best in this method.

ABCO CONTACT SPACE SPRA can be applied by means of an electric portable fogging device, Dyna-fog, Fogger, Microsol, or Sprayers.

When used in a room, use at least ten minutes before eating or drinking. After use, remove all food and insects for control. Repeat spraying if necessary. ABCO CONTACT SPACE SPRA is effective against house flies, gnats, mosquitoes, and fly moths. It is also effective against stored product pests such as the adult Mediterranean Flour Moth, Angoumois Grain Moth, and Saw Toothed Grain Beetles, Red Flour Beetles, and
