## EXCELCIDE MISTER SPRA

### CONTAINS SYNERGIZED PYRETHRINS

Especially recommended to control flies and roaches for bottlers of carbonated beverages. It is practically odorless and free of greasy deposit. Also for use in Food Processing Plants, Warehouses, Dairies, Pickle Plants and Canneries.

#### ACTIVE INGREDIENTS 100%

Petroleum Distillate	99.55%
Technical Piperonyl Butoxide*	.25%
Pyrethrins	.20%

**CAUTION: KEEP OUT OF REACH OF CHILDREN**

(See additional cautions below)

\* Equivalent to 0.20% (butylcarbityl) (6-propylpiperonyl) ether and 0.05% related compounds.

**DIRECTIONS:** Direct Contact Spraying: To kill Roaches, Silverfish, Crickets and Water Bugs, direct a wet spray toward infested areas, floors and crevices to hit the insects. Apply EXCELCIDE Mister Spra with an efficient hand or power sprayer that will deliver medium-size droplets. Thorough application should be made repeating treatments as often as necessary.

**Ants:** Spray Ants, Ant trails, areas around door sills and window frames where the pests enter the premises. Repeat as often as necessary. **Spiders, Millipeds and House Centipedes:** Spray thoroughly and repeat spraying of infested areas, working a wet spray into cracks and other hiding places, directing EXCELCIDE Mister Spra to hit the pests wherever possible. Repeat applications if necessary.

**To use as a Space spray:** After closing off all air currents, direct spray upward at walls and ceilings so that as many insects as possible can be contacted with a direct vapor or mist. Application can be made with electric sprayers, fogging generators, or compressed-air sprayers. To kill accessible crawling insects such as Roaches, Silverfish, and Water Bugs, dispense 1 quart EXCELCIDE Mister Spra per 10,000 cubic feet of space. Dispense 1 pint per 10,000 cubic feet of space to kill flying insects such as flies, gnats, and mosquitoes. Doors and windows should be closed for at least 10 minutes after spraying; then sweep up and destroy all dead and dying insects. Repeat when necessary.

**CAUTION:** Do not contaminate food, feed, milk, milk handling equipment or drinking water. Avoid pouring, spraying, or storing near fire or flame. Harmful if swallowed. Keep away from children. Avoid breathing spray mist. Do not allow unauthorized personnel inside treated buildings until buildings are aired. Remove pets, birds, and fish bowls before spraying.

Use EXCELCIDE Mister Spra as a space spray in food processing plants only when plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using. Do not reuse container. Destroy when empty.

**NOTICE:** The manufacturer and seller warrant that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
