EXCELCIDE MOTH SPRAY

(Ready-for-use. Requires no dilution.)

Kills moths, carpet beetles and Buffalo bugs, including eggs and larvae.

To prevent moths use liberally, according to directions. Spray thoroughly every 30 days, woolens, wool-mixtures, and garments or other articles made therefrom.

Recommended for use in woolen mills, retail cleaner stores, clothing and furniture factories, retail clothing stores, furniture stores, warehouses and other places where wool, woolens, and wool-mixtures are stored, processed, cleaned or sold.

DIRECTIONS

1. The first step is to brush, clean or vacuum thoroughly article to be sprayed.
2. To treat clothing, spray inside and out, including collars, tucks, seams, sleeves, pockets, and under collars and inside linings.
3. For clothing display cases, spray from ceiling to floor, spraying into crevices, cracks and corners.
4. For drapes, carpets and rugs, spray entire length on both sides including valances and cornice boards.
5. For upholstery, spray every portion, including backs, arms, cushions and underneath surfaces. Spray should not stain or harm finished wood surfaces, provided it is wiped off after treatment.

THIS PRODUCT IS SHIPPED IN 1 GALLON AND 5 GALLON SPRAYERS.

NUMBER IN BOX CONTAINS 12 1/2 GALLONS OF PRODUCT.
