

Kraft Foods All-Purpose Residual Sprays kills: Ants, Cockroaches, Silverfish, and Spiders. Kraft Foods All-Purpose Residual Sprays also kills exposed stages of Caddisflies, Cigarette Beetles, Dermestids, Drugstore Beetles, Indian Meal Moths, Mediterranean Flour Moths, Red Flour Beetles, and Saw-Toothed Grain Beetles.

DIRECTIONS FOR USE

Apply with a low-pressure tank-type sprayer equipped with a fan-pattern nozzle, such as the EXCELCIDE Deluxe 3-gallon residual tank-type sprayer. Application should be made to areas listed below, so that they are wetted down with the insecticide to a point where these surfaces are glistening wet and yet do not run. Spray surfaces only until wet to the point of run-off. Apply to all insect breeding sites and harborages listed below for Cockroach control. Repeat application as necessary.

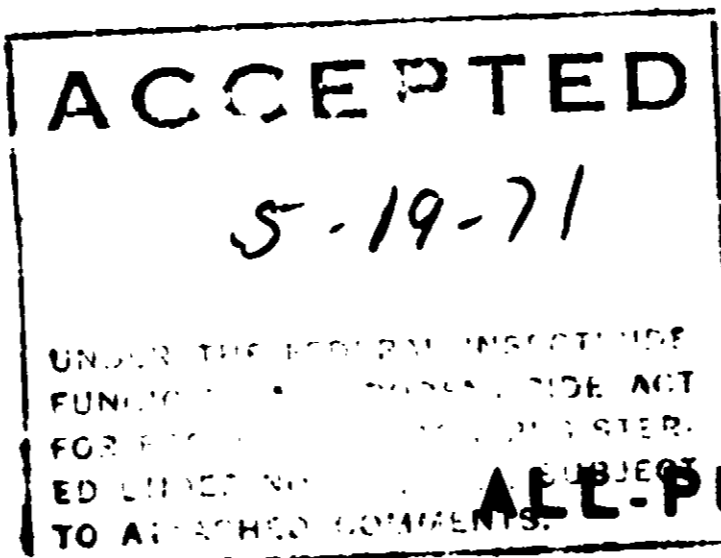

Cockroaches - Thoroughly treat the infested area. Spray baseboards, cracks and crevices; around window and door frames; the undersurfaces of shelves, drawers and work tables; behind and beneath cabinets; in and around waste containers, switch panels, junction boxes, and floor drains.

Ants - apply to trails and places where ants enter premises, such as window and door sills. Spray hills and runways outdoors.

Caddisflies, Cigarette Beetles, Dermestids, Drugstore Beetles, Indian Meal Moths, Mediterranean Flour Moths, Red Flour Beetles, Saw-Toothed Grain Beetles and Weevils (exposed stages) - Thoroughly treat floors and walls of the infested area with attention to cracks, crevices, corners and perimeters.

Silverfish and Spiders - Thoroughly spray the interior and exterior perimeter of the infested premises. Give special attention to window sills.

USDA Reg. No. 2270-370

KRAFT FOODS

ALL-PURPOSE RESIDUAL SPRA

For Industrial Use in Meat Packing Plants and Food Processing Plants by Trained Pest Control Personnel Only.

Kraft Foods All-Purpose Residual Sprays is highly effective, ready-to-use formulation for control of the insects listed below, including those resistant to certain chlorinated hydrocarbon and phosphate insecticides. This product gives rapid kill and residual activity.

ACTIVE INGREDIENTS

Petroleum Distillate
2-Butoxyethanol
o-Isopropoxyphenyl methylcarbamate*
Pyrethrins

* (R) BAYGON is the registered trademark of Farbenfabriken Bayer A.G., Chemagro Corp. Licensee.

CAUTION: KEEP OUT OF REACH OF CHILDREN

FOR USE IN MEAT PACKING AND FOOD PROCESSING PLANTS

Use only in the inedible product areas of meat packing plants, including those that are federally inspected, and in inedible product areas of food processing plants. When using the spray in inedible product areas where no exposed food or processing equipment is present, take any needed precautions to avoid contamination of packaged or stored food commodities. Rinse all equipment with water before resuming operations. For control of crawling insects named above, follow directions for cockroach control. Treat food processing plants early in the season before canning or other processing begins. Repeat applications if necessary, when plant is not in operation. Spraying unloading docks and outside areas where insects congregate will aid in preventing re-infestation. Good sanitation and proper disposal of wastes is essential in any effective insect control program.

RESTRICTIONS: Do not use as a space spray. Provide adequate ventilation of area being treated. Do not allow children to contact treated areas until surfaces are thoroughly dry. Do not store near feed or food products. Avoid contamination of feed, food, food-processing equipment, and food handling surfaces. Do not apply to animals. Do not use in the household.

CAUTION: Harmful if swallowed, inhaled, or absorbed through skin. Do not breathe spray mist. Do not get in eyes, on skin, or on clothing. In case of contact, wash immediately with soap and warm water. Wash hands, arms, and face thoroughly with soap and water before eating or smoking. Wash all contaminated clothing with soap and hot water before reuse. Should illness occur, get prompt medical aid. To Physician - Atropine sulfate is antidotal. Do not use in household. Do not use in the edible product areas of food processing plants. Do not reuse container. Destroy when empty.

This product is toxic to fish. Do not contaminate water by cleaning of equipment, or disposal of wastes.

NOTICE: The manufacturer and seller warrant that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
