EXCELCIDE CATTLE, HORSE, BARN AND STABLE SPRAY

ACTIVE INGREDIENTS 100%
Petroleum Distillate 99.67%
*Technical Piperonyl Butoxide .25%
Pyrethrins .08%

CAUTION: KEEP OUT OF REACH OF CHILDREN
(See additional cautions below)

*Equivalent to 0.20% of (butylcarbityl)(6-propylpiperonyl) ether and 0.05% other related compounds.

Contains Synergized Pyrethrins. Protects dairy cattle from attack by Stable Flies, House Flies, and Horn Flies. Kills Flies, Mosquitoes, and Gnats in Barns and Stables.

DIRECTIONS: Should be applied by a good sprayer that delivers a uniform mist. Spray as a mist over dairy cattle, calves, and horses without drenching them. To protect dairy cattle from attack by Stable Flies, House Flies, and Horn Flies, spray the animal against the grain of the hair, at least 3 feet away from the animal. The Dyna Fog insecticide applicator is recommended for this purpose. Apply a uniform fine mist directed toward the base of the horns, back, belly, sides, and legs. Do not spray the udder. Be certain to apply just enough spray (two ounces maximum to treat an adult cow) to wet only the ends of the hairs, but DO NOT SOAK THE HIDE. Apply this product to livestock ONLY as a mist spray. Apply once every day or as often as necessary.

CALVES AND HORSES: Application of this product to calves and horses should be made lightly. Only one ounce daily is necessary to protect calves and horses from Stable Flies and House Flies. Spray as a light mist over calves and horses. Use less on colts.

SPACE SPRAYING: To kill flies, mosquitoes, and gnats in barns and stables, close off all air currents, direct spray upward at walls and ceilings so that as many insects as possible can be contacted with a direct vapor or mist. Application can be made with electric sprayers, fogging generators, or compressed air sprayers. Dispense 1 qt. per 10,000 cu. ft. of space. Doors and windows should be closed for at least 10 minutes after spraying. Repeat spraying where necessary.

CAUTION: Do not apply directly to food products. Harmful if swallowed. Keep away from children. Do not reuse container. Destroy when empty. Do not contaminate water by cleaning of equipment, or disposal of wastes.

NOTICE: The manufacturer and seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
