DIRECTIONS

This product is designed for control of crawling insects, Ants and Silverfish, as well as stored product pests: Confused Flour Beetles, Red Flour Beetles, Rice Beetles, Cigarette Beetles, Saw-Toothed Grain Beetles, Dermestid Beetles, and Carpet Beetles, in the accessible stages. Thoroughly clean all flour, grain, and food dusts from horizontal surfaces, since these static accumulations are a major stored product pest breeding.

Spray this product with particular care in the areas of stored product, especially in upper corners, under shelves, and in cracks and crevices. This product is not to be applied by means of a pump sprayer. Challenge insects so that they are exposed to the product.

CAUTION: This product is highly flammable. Do not use near open flames or other sources of ignition. Keep away from children and pets.

KEEP OUT OF REACH OF CHILDREN

NOTICE: This product is highly flammable. Do not use near open flames or other sources of ignition. Keep away from children and pets.
