

[2270-670]

DIRECTIONS

This product is designed for control of small flying insects: Flies, Gnats, Mosquitoes, and Flying Moths: (adult Mediterranean Flour Moth, Indian Meal Moth, and Angoumois Grain Moth) in their accessible stages.

Spray this product into entire room, after closing off all air current. Spray should be directed upward at wall and ceilings so that as many insects as possible can be contacted with a direct vapor or mist. This product can be applied by means of a portable fogging device: Dyna Fog, Challenger, or BVI Foggers. Application should be made so that the room is filled with mist.

Room should be kept closed at least ten minutes after spraying. Repeat as often as necessary to keep named insects under control. Periodic spraying of this product assists in the control of new infestations of named insects. Sweep up all dead and dying insects and destroy them at the close of the ten (10) minute period.

Infested stored products should be fumigated or treated by other effective methods using an accepted product intended for this purpose.

SPACE SPRA NO. 125

ACTIVE INGREDIENTS:	100%	
Petroleum Distillate		86.25%
Technical Piperonyl Butoxide*		12.50%
Pyrethrins		1.25%

*Equivalent to 10.00% (butylcarbityl) (6-propylpiperonyl) ether and 2.50% related compounds.

DIRECTIONS

This product is designed for control of crawling insects: Ants and Silverfish, as well as stored product pests: Confused Flour Beetles, Red Flour Beetles, Rice Beetles, Caddis, Saw-Toothed Grain Beetles, Dermestid Beetles, and Carpet Beetles, in their accessible stages. Thoroughly clean all flour, grain, and food dusts from horizontal surfaces, since these static accumulations encourage stored product pest breeding.

Spray this product with permanent spraying installations, portable electric sprayers, or foggers, as mentioned above, applying to walls, floors, baseboards, wall floor junctures, window frames, doorway areas, and storage areas. Spray outside of storage sacks before storing. Spray box cars and store rooms before filling with grain, feed, or food products. For control of ants spray ant trails. Repeat at regular intervals or as often as necessary to control the named insects.

This product also controls American, German, and Oriental Cockroaches. Spray as directed above for crawling insect control.

CAUTION: Harmful if swallowed. Use the product in food processing plants only when the plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using. Do not remain in treated areas. Ventilate the area after treatment is completed.

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

NOTICE: Seller warrants that the product conforms to its chemical description and is safe for use for the purpose stated on the label when used in accordance with directions under normal conditions of use. Seller's warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to seller, and seller assumes the risk of any such use.
