

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Do not breathe vapors or mist. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Wash all contaminated clothing with soap and hot water. Wear protective clothing. Wear a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration and by the National Institute for Occupational Safety and Health. Keep unprotected persons out of application areas. Do not allow insecticide or vapors to drift into areas not being treated. Do not remain in treated areas. Ventilate treated areas after treatment is completed, taking care that the vapors will not drift into other parts of building. Do not contaminate water, food or feed. Keep out of reach of children and domestic animals. Do not use on humans, pets, or livestock. Do not allow the product to contact plants or food crops. Do not mix or combine with other pesticides or chemicals. This product is not for household use. Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After space spraying in bakeries, and other food processing plants, wash all equipment, benches, shelving, etc., with potable water where exposed food will be handled. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.

Remove cats and birds, and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of waste.

PHYSICAL OR CHEMICAL HAZARDS

This formulation may stain or otherwise harm certain construction materials, fabrics, or other materials. First apply to a small inconspicuous area of such materials. If harm results, use should immediately be discontinued in those areas.

FIRE HAZARDS

All thermal fogging formulations can burn. This product is combustible. It contains tetrachloroethylene to help reduce the fire and explosion hazards when used in accordance with the directions on this labeling.

Do not use, pour, spill, or store near heat, electrical sparks or arcing, welding, strong oxidizers, or open flame. Extinguish pilot lights and all sources of ignition before use. Do not direct fog at any combustible material and maintain a distance of at least 10 feet between the equipment nozzle and any combustible surface. Never leave the thermal fogging machine unattended while in operation. Do not wedge or tie the "on-off" lever in the "on" position. Follow all operation, maintenance, storage and safety instructions and precautions of the thermal fogging equipment manufacturer.

¡PRECAUCION!

AL USUARIO: Si usted no lee inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.

TO THE USER: If you cannot read English, do not use this product until the label has been fully explained to you.

EXCELCIDE[®] EXTRA STRENGTH[®] DYNA-FOG[®] CONTACT SPRA

FOR APPLICATION ONLY WITH INDUSTRIAL-TYPE, GASOLINE OPERATED DYNA-FOG THERMAL FOGGING EQUIPMENT.

FOR USE BY PEST CONTROL OPERATORS, TRAINED MILITARY PERSONNEL, AND TRAINED EMPLOYEES OF FOOD PROCESSING PLANTS AND RELATED INDUSTRIES. A READY-TO-USE CONTACT INSECTICIDE FOR THE CONTROL OF CERTAIN FLYING INSECTS AND EXPOSED CRAWLING INSECTS.

FOR INDUSTRIAL USE IN WAREHOUSES, RAILROAD CARS, STATIONARY TRUCKS, FOOD PROCESSING PLANTS AND RESTAURANTS, FLOUR MILLS, GRAIN MILLS, RICE MILLS, BAKERIES, BEVERAGE, SNACK FOOD, CANNING, PACKING PLANTS, PACKAGING PLANTS, MILITARY INSTALLATIONS, AND SIMILAR INDUSTRIAL SITES.

EXCELCIDE is a trademark of Curtis Dyna Products Corp., Westfield, IN

ACTIVE INGREDIENTS	
Petroleum Distillate	74.24%
Technical Piperonyl Butoxide†	3.50%
Pyrethrins	.60%
INERT INGREDIENT	21.66%

†Equivalent to 2.8% (butylcarbityl)(6-propyl-piperonyl) ether and 0.7% related compounds.

CONTAINS FIRE & EXPLOSION RETARDANT

KEEP OUT OF REACH OF CHILDREN CAUTION

FIRST AID
IF SWALLOWED: Call a physician immediately. DO NOT INDUCE VOMITING.
IF INHALED: Remove person to fresh air. Apply artificial respiration if breathing has stopped. Adrenaline should never be given. Call a physician immediately.
IF ON SKIN OR CLOTHING: Remove all contaminated clothing and wash affected areas with soap and water. In serious cases get medical attention.
IF IN EYES: Flush eyes with plenty of water. Call a physician immediately. (See side panel for additional precautions.)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Strictly follow all safety precautions and directions for use on this labeling.

STORAGE AND DISPOSAL

STORAGE: Store in a secure area separated from water, food or feed. Keep container tightly closed when not in use. Do not transfer this product to unlabeled storage containers. Store away from heat, strong oxidizers or open flame.

PESTICIDE DISPOSAL: Pesticide, spray mixture, or rinsate that is not used according to label instructions must be disposed of according to approved federal, state and local procedures.

CONTAINER DISPOSAL: Metal Containers—Triple rinse (or equivalent). Then offer for reconditioning or recycling, or puncture and dispose of in a sanitary landfill, or by other approved federal, state and local procedures. Plastic Containers—Triple rinse (or equivalent). Then offer for reconditioning or recycling, or dispose of in a sanitary landfill, or by professional incineration if allowed by federal, state and local authorities.

For control of flying insects either inside or outside—Drosophila Gnats (Vinegar and Fruit Flies), Houseflies, Blowflies, Angoumois Grain Moths, Mediterranean Flour Moths, Indian Meal Moths; and for such crawling insects as Cockroaches, Confused Flour Beetles, Ants, Caddisflies, Silverfish and Carpet Beetles that would be exposed.

Note: Other insects may be controlled using this product as long as the application is effective against the target insect(s) and application is limited to a site named on this labeling.

For outdoor fogging in open areas the area to be treated should be completely covered with visible fog. FOR INDOOR FOGGING OR CLOSED AREAS DO NOT EXCEED ONE (1) GALLON PER 50,000 CUBIC FEET OF SPACE (2½ fluid ounces per 1,000 cubic feet). A lesser dosage is permitted if the application is effective. Fog should be dry (setting of 3 on a scale of 0 to 9). Periodic fogging assists in control of new batches of target insects, thereby reducing infestation. Repeat applications as necessary.

Spray this product upward at walls and ceilings so that as many insects as possible can be contacted with direct mist. After spraying, sweep up all dead and dying insects and destroy them.

Most effective inside fogging is accomplished during dry weather. External openings to building should be closed with exception of probably one providing an updraft. All parts of building or enclosure should receive equal concentration of fog.

Plan fogging operation so that operator can continually move away from fog. Fogging should be done from windward side when applying fog on outside of building.

NOTICE

The manufacturer and seller warrant that this product conforms to its chemical description and is reasonably fit for the purpose stated on the labeling when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions not reasonably foreseeable to seller, and buyer assumes all risk of use, storage or handling of this product not in strict accordance with directions on this labeling.
