MAIN PANEL ENVIRO-TAB-M ORGANIC ~~CHLORINE~~ TABLETS
CHLORINATING

ENVIRO-TAB-M
ORGANIC ~~CHLORINE~~ TABLETS
CHLORINATING *CHLORINATING*

For use in Microphor® and other Chlorinators that use Organic ~~Chlorine~~ Tablets as the Chlorinating Agent for the Sanitary Treatment of Effluent.

Meets U.S.C.G. chemical requirements for direct overboard discharge marine sanitation devices.

ACTIVE INGREDIENT:

Trichloro-s-triazinetriene 99%

INERT INGREDIENTS 1%

Available Chlorine 89%

ACCEPTED
with COMMENTS
to EPA Letter Dated

APR 19 1985

KEEP OUT OF REACH OF CHILDREN

DANGER

See First Aid Statement and Additional Precautions on Side Panel

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 2292-92

CHLORINATING

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ THE PRECAUTIONARY STATEMENTS BEFORE USE.

Enviro-Tab-M is a slow dissolving *CHLORINATING* ~~chlorine~~ tablet for the treatment of sewage effluent.

Fill the chlorinator with tablets. Check the level of the tablets periodically. When the tubes are half full, refill the chlorinator with tablets. The number of tubes filled with tablets, and the size of the weir plate are determined by the average daily flow rate range and the amount of chlorine required.

Follow the instructions of the Manufacturer of the Sanitation Device to determine the number of tablets required to process your wastewater.

The delivery rate of chlorine is determined by the flow of wastewater through the chlorinator and the amount of tablets in the feed tubes. As the wastewater flow increases, the water level in the chlorinator rises immersing more tablets. When the wastewater level decreases, fewer tablets come into contact with the wastewater. Chlorine is released because the tablets slowly dissolve as they are immersed in the wastewater. Since the amount of chlorine liberated is a function of the number of tablets in contact with the wastewater, the initial concentration of chlorine is constant regardless of the wastewater level in the chlorinator.

**PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or safety glasses and rubber gloves when handling this product. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

PRACTICAL TREATMENT (FIRST AID)

IF CONTACT WITH EYES OCCURS, flush with cold water for at least 15 minutes. Get medical attention. IF CONTACT WITH SKIN, brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. IF SWALLOWED, feed bread soaked in milk, followed by olive oil or cooking oil. DO NOT induce vomiting. Call a physician immediately.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds or public waterways unless in accordance with a NPDES permit. For guidance, contact the regional office of the U.S. Environmental Protection Agency.

PHYSICAL OR CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, chlorine gas (and possible fire and explosion). In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood area with large volumes of water, if necessary.

STORAGE AND DISPOSAL

Keep this product dry in a tightly closed container, when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all materials before discarding this container. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage or disposal, or cleaning of equipment.
