ACCEPTED
JUN 27 1980

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under Reg. No. **2296-96**

BEST AVAILABLE COPY

A multipurpose hospital detergent, cleaner, disinfectant, designed for use in hospitals, nursing homes, sanatoriums, operating rooms, contagious disease areas, clinics, dental offices, veterinary establishments, sick rooms, washrooms, schools, office buildings, restaurants, factories, institutions.

The product is broad spectrum in its microbiological activity and is effective against both gram positive and gram negative bacteria including *S. Aureus*, *S. Typhosa* and *P. Aeruginosa* and fungicidal against *Trichophyton Mentagrophytes*. It has the unique ability to destroy bacterial and many non-bacterial odors.

Contains no soap and is effective in hot or cold water, rinsing freely without leaving a film on surfaces. Will not reduce conductivity of operating room floors. Dilute use solutions are noncorrosive and nonstaining to metals, asphalt tiles, terrazzo, and plastic surfaces.

DIRECTIONS FOR USE:
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING

For cleaning, disinfecting and deodorizing floors, walls, cabinets, sick room equipment, sinks, bath tubs, urinals, toilets, bed pans, all washroom and bathroom fixtures, shower rooms, garbage cans: Use 2 oz. per gallon of water. Allow to remain wet for 10 minutes and let air dry.

For best results apply with a cloth, mop or brush. For surfaces containing heavy soil or organic matter, a precleaning step is required. For toilet bowls, remove bowl water before disinfecting and swab entire bowl with use dilution.

For controlling the spread of Athlete's foot fungi on environmental surfaces, use 2 oz. per gallon.

When used on environmental nonmetal hard surfaces at 2 oz. per gallon of water, this product is effective against influenza A2, Herpes Simplex Type 1 (causative agent of fever blisters), Adenovirus Type 2 and 4.

PRECAUTIONARY STATEMENTS Hazard to humans and domestic animals

DANGER

Keep Out Of Reach Of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, skin, or on clothing. Harmful if swallowed. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Remove and wash contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water, do not induce vomiting, avoid alcohol. Get Medical Attention.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL

Do Not Contaminate Water, Food Or Feed By Storage Or Disposal.

Storage: Store in a dry place between 50°F and 120°F

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Do not reuse empty container. Triple rinse empty container with water. Rinse metal drum, then offer for reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by State or Local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated, or, if allowed by local authorities, by burning. If burned, stay out of smoke.
