ACCEPTED

AUG 28 1990
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 2296-98

Powerful heavy duty cleaner, disinfectant, and deodorizer formulated to disinfect inanimate hard surfaces such as walls, floors, operating rooms, patient care areas, food service areas, nurseries, restrooms, industrial and institutional facilities, food processing plants and all other areas where heavy duty cleaning, disinfecting and deodorizing are of prime importance. Efficacy tests demonstrate its effectiveness in the presence of organic soils such as 5% blood serum.

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING

Disinfection: For hard surfaces such as walls, floors and table tops - add 4 1/2 oz. per gallon of water. At this dilution it is an effective disinfectant against Salmonella choleraesuis, Staphylococcus aureus, Escherichia coli and the pathogenic fungi, Trichophyton mentagrophytes. For hospital disinfection - use 6 oz. per gallon of water for additional effectiveness against Pseudomonas aeruginosa. For heavily soiled areas pre-cleaning is required. To disinfect apply fresh solution to pre-cleaned area or lightly soiled areas and keep wet for 10 minutes then allow to dry. Prepare a fresh solution for each use.

Mold and Mildewstat: To control mold and mildew on hard nonporous surfaces, clean surface then thoroughly wet with a 4 1/2 oz. per gallon dilution and allow to air dry. Repeat application using a fresh solution when mildew growth reappears.

PRECAUTIONARY STATEMENTS Hazard to humans and domestic animals

DANGER

Keep Out Of Reach Of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, skin, or on clothing. Harmful if swallowed. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Remove and wash contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water, do not induce vomiting, avoid alcohol. Get Medical Attention.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL

Do Not Contaminate Water, Food Or Feed By Storage Or Disposal.

Storage: Store in a dry place between 50° F and 120° F.
Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Do not reuse empty container. Triple rinse empty container with water. Rinse metal drum, then offer for reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by State or Local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated or if allowed by local authorities, by burning. If burned, stay out of smoke. TGC-0210
