ACCEPTED

Net Contents: 5 gallons / 18.93 Liters

MAR 13 1996
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under
EPA Reg. No. 2296-98

Powerful heavy duty cleaner, disinfectant, and deodorizer formulated to disinfect inanimate hard surfaces such as walls, floors, operating rooms, patient care areas, food service areas, nurseries, restrooms, industrial and institutional facilities, food processing plants and all other areas where heavy duty cleaning, disinfecting and deodorizing are of prime importance. Efficacy tests demonstrate its effectiveness in the presence of organic soils such as 5% blood serum.

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW
TO USE THIS PRODUCT IN A MANNER
INCONSISTENT WITH ITS LABELING

Disinfection: For hard surfaces such as walls, floors and table tops—add 4 1/2 oz. per gallon of water. At this dilution it is an effective disinfectant against Salmonella choleraesuis, Staphylococcus aureus, Escherichia coli and the pathogenic fungi Trichophyton mentagrophytes. For hospital disinfection—use 6 oz. per gallon of water for additional effectiveness against Pseudomonas aeruginosa. For heavily soiled areas precleaning is required. To disinfect apply fresh solution to precleaned area or lightly soiled areas and keep wet for 10 minutes then allow to dry. Prepare a fresh solution for each use.

Mold and Mildewstat: To control mold and mildew on hard nonporous surfaces, clean surface then thoroughly wet with a 4 1/2 oz. per gallon dilution and allow to air dry. Repeat application using a fresh solution when mildew growth reappears.

PRECAUTIONARY STATEMENTS
Hazard to humans and domestic animals
DANGER:

Keep Out Of Reach Of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, skin, or on clothing. Harmful if swallowed. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Remove and wash contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water, do not induce vomiting, avoid alcohol. Get Medical Attention.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL

Do not Contaminate Water, Food Or Feed by Storage Or Disposal.

Storage: Store in a dry place between 50°F and 120°F.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions contact your State Pesticide or Environmental Contact Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Environmental Hazards: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Container Disposal: Do not reuse empty containers. Triple rinse empty container with water. Rinse metal drum, then offer for reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by State or Local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated or, if allowed by local authorities, by burning. If burned, stay out of smoke.
