3221 Market Street
PHILADELPHIA, PA. 19123

NET CONT: 1 GAL.

ACCEPTED

MAY 12 1990

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 2296-99

A phosphate free, concentrated detergent disinfectant which provides effective cleaning, deodorizing, disinfection of such areas as walls, floors, operating rooms, patient care areas, nurseries, restrooms, industrial and institutional facilities where housekeeping is of prime importance in controlling bacteria, odor, and cross contamination.

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING

Disinfection: To disinfect hard inanimate surfaces add one ounce of product per gallon of water. This dilution allows disinfection against *Salmonella choleraesuis*, *Escherichia coli*, *Pseudomonas aeruginosa* PRD-10, and the pathogenic fungus *Trichophyton mentagrophytes*. Apply solution with a mop, cloth, sponge or mechanical sprayer so as to wet thoroughly. Allow to remain wet for 10 minutes and let air dry. For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use.

Mildewstat: To control mold and mildew on pre-cleaned hard non-porous surfaces (such as floors, walls, table tops) add 1 ounce product per gallon of water. Apply solution with a cloth, mop or sponge, wetting all surfaces completely, and allow to air dry. Prepare a fresh solution for each use, and repeat weekly or when mildew growth appears.

Virucidal Activity: The product when used on environmental inanimate hard surfaces at one ounce per gallon exhibits effective virucidal activity against influenza A2/Asian, Herpes Simplex Type 1, Adeno Virus Type 2, and Vaccinia Virus.

Efficacy Tests have demonstrated that this product is an effective bactericide, fungicide, and virucide in the presence of organic soils (5% blood serum).

PRECAUTIONARY STATEMENTS
Hazard to humans and domestic animals

DANGER

Keep Out Of Reach Of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, skin, or on clothing. Harmful if swallowed. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Remove and wash contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water, do not induce vomiting, avoid alcohol. Get Medical Attention.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL

Do Not Contaminate Water, Food Or Feed, By Storage Or Disposal.
Storage: Store in a dry place between 50°F and 100°F.
Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Do not reuse empty container. Triple rinse empty container with water. Rinse metal drum, then offer for reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by State or Local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated or, if allowed by local authorities, by burning. If burned, stay out of smoke.
