	TERM OF ISSUANCE NOV 28 1989	
	NAME OF PESTICIDE PRODUCT NACA Pine Oil Disinfectant	

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
 (Under the Federal Insecticide, Fungicide,
 and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Best Available Copy

National Chemical Laboratories of PA, Inc.
 401 N. Tenth Street
 Philadelphia, PA 19123

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(d)(5) when the Agency requires all registrants of similar products to submit such data.
2. Applicable product chemistry data as specified in §153.155-190 of 40 CFR must be submitted within 90 days of the date of this notice.
3. In the precautionary statements change the signal word "warning" to "Danger" and revise the oral ingestion statements as follows:
 "If swallowed, drink promptly a large quantity of water. Do not induce vomiting. Avoid alcohol. Get medical attention."
4. Add the word "Corrosive" to precede "Causes severe eye and skin damage" to the precautionary statements.
5. Delete the statement, "Contains soap," or revise this statement to include all of the inert ingredients in this formulation.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL	DATE
---------------------------------	------

6. Add the phrase "EPA Registration No. 2296-104" to your label before you release the product for shipment.

7. Submit two copies of your final printed label before you release the product for shipment. Refer to the A-79 Enclosure for a further description of finished printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

NET CONTENTS: 1 GAL.

DISINFECTANT—DEODORANT—GERMICIDE—CLEANER
 A powerful, pleasant disinfectant, germicide and deodorant.
 This product is especially recommended for use in apartment buildings, households, schools, office buildings, and industrial plants for disinfecting floors, walls, sinks, bathrooms, toilets, urinals, and outhouses. Can be used as a deodorant which is noticeable from 1 to 3 hours after use.
 It is instantly soluble in water forming a milky white emulsion which does not separate on standing. When mixed with water in recommended dilutions does not stain the walls, floors, or clothes, and leaves a pleasant and fragrant odor of pine.

DIRECTIONS FOR USE:

**IT IS A VIOLATION OF FEDERAL LAW
 TO USE THIS PRODUCT IN A MANNER
 INCONSISTENT WITH ITS LABELING**

For Disinfecting Premises: Remove gross filth from surfaces prior to disinfecting. Prepare a solution of 3½ tablespoons of disinfectant to one gallon of water. Wet surface thoroughly with the disinfecting solution and allow to remain for 10 minutes.
Floors: When mopping or scrubbing, use 3½ tablespoons of disinfectant in each gallon of water in bucket
Toilet Rooms, Commodes, and Urinals: Wash the commode and urinal bowl regularly with a solution of 3½ tablespoons of disinfectant in each gallon of water, leaving the solution in the commode and urinal as long as possible. Scrub the floor and seat frequently with this solution. Remove residual bowl water from toilet before application of disinfectant
Garbage Receptacles: To aid in deodorization, sprinkle with a solution in the proportion of 4 tablespoons of disinfectant to a gallon of water. Rinse the empty can with some of the solution and leave the wash in the can.
Typhoid sickroom: In the disinfecting of bed frames, floors, walls, bed pans, clothing, bed clothes, utensils, use 6 tablespoons per gallon. Soak clothing and bed clothes in recommended use dilution before laundering. For utensils and bed pans follow with a rinse of potable water.

PRECAUTIONARY STATEMENTS
 Hazard to humans and domestic animals

WARNING

Keep Out Of Reach Of Children. Causes severe eye and skin damage. Do not get in eyes, skin, or on clothing. Harmful if swallowed.
 Wear goggles or face shield and rubber gloves when handling.
 Avoid contamination of food. Remove and wash contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT
 In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin or if these are not available, drink large quantities of water. Call a physician.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

STORAGE AND DISPOSAL

Do Not Contaminate Water, Food Or Feed Or Storage Or Disposal.
Storage: Store in a dry place between 50°F and 120°F.
Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
Container Disposal: Do not reuse empty container. Triple rinse empty container with water. Rinse metal drum, then offer for reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by State or Local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated or, if allowed by local authorities, by burning. If burned, stay out of smoke.
