DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GLD is recommended for use in Hospitals, Institutions, Schools and all other areas where disinfecting is most essential. Because of its detergent additives, it revitalizes floors, restores their natural beauty by removing accumulations of dirt and metallic soap scum.

For heavy soiled areas a precleaning step is required and recommended. After cleaning use 2 oz. GLD to each gallon of water.

Apply this solution so as to wet thoroughly all surfaces to be cleaned and disinfected. Allow to remain wet for a minimum contact time of 10 minutes and then let air dry.

Athlete's Foot Fungi: To aid in preventing the spread of athlete's foot fungi use 3 to 4 ozs. of GLD per gallon of water for mopping floors of locker rooms, swimming pools, showers, etc.

A BROAD SPECTRUM GERMICIDAL CLEANER

GLD is a modern Broad Spectrum Germicidal Cleaner, formulated specifically to clean, disinfect, and deodorize efficiently. Highly effective in killing most gram-negative and gram-positive microorganisms, and odor producing bacteria, in particular S-aureus, S-typhosa, E-coli, S-schottmuelleri, S-paratyphosa, S-choleeraesuis, and fungi. When allowed to dry without rinsing it imparts a residual bacteriostatic film to the surface.

Excellent deodorant for use in toilet rooms, urinal, etc.
