DIRECTIONS FOR USE

GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL CLEANING: It is necessary to remove all gross filth and heavy soil before disinfecting. Use 2 ounces of this product per gallon of water for general cleaning.

TO DISINFECT: Use 1 1/4 ounces of this product per 3 gallons of water. Apply with mop, sponge, or spray so as to wet all surfaces thoroughly. Minimum contact time of ten minutes is required for complete disinfection.

Recommended for use in: Institutions, schools, offices, buildings, theatres, factories, and homes.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Store only in original container. Do not reuse empty container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

PESTICIDE DISPOSAL-Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL-[Larger than 1 gal]-Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. In addition, plastic containers may be disposed of by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. -[1 gal and smaller]-Do not reuse empty container. Wrap container and put in trash.
