

DIRECTIONS
FOR USE AS
A DISINFECTANT:

Dilute to a 1% solution, or to a 3-gallon pail of water, add 4-ounces of disinfectant. Apply this solution so as to thoroughly wet all surfaces to be disinfected. Can be used in conjunction with scrub water or sprayed. Leaves the surface clean and fragrant.

Very effective as a detergent when used with a little water. — Has great solvent action on oils, grease and paint.

Excellent for use on hard surfaces in toilet rooms, on urinals, on floors and on sinks.

Rinse empty container thoroughly with water and discard.

PINE ODOR DISINFECTANT DEODORANT

disinfects

EPA Reg. No. 2311-8

deodorizes

ACTIVE INGREDIENTS

% BY WEIGHT

Pine Oil	9.00
Isopropyl Alcohol	5.85
Potassium Laurate	3.45
Potassium Ortho-Benzyl-Para-Chlorophenate ..	2.55
Potassium Myristate	1.80
Potassium Para-Tertiary-Amylphenate	1.00
Tetrasodium Ehtylenediamine, Tetraacetate ...	0.78
Potassium 4-Chloro-2-Phenylphenate	0.32
Potassium 6-Chloro-2-Phenylphenate	0.12
Related Potassium Salts of Phenolic And Chlorophenolic Compounds	0.07

24.94%

INERT INGREDIENTS:

Water, Potassium Hydroxide, Glycerine 75.06%

DANGER

KEEP OUT OF REACH OF CHILDREN

See other precautions and first aid on side panel.

Pi-No-Germ

A modern germicide containing 9% pure steam distilled pine oil fortified with chlorinated Phenols formulated specifically to disinfect and deodorize.

Goes into solution easily, when diluted with either hot or cold water forming a milky-white solution — Free from any oil or sediment separation at both top or bottom. Leaves a clean, pleasant "piney" odor whenever used.

It is an excellent deodorant.

RECOMMENDED FOR USE IN
SCHOOLS, BUILDINGS, THEATRES,
FACTORIES, and HOMES.

DANGER

KEEP OUT OF REACH OF
CHILDREN

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food. Avoid breathing of spray mist.

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician immediately.
