D & D CEDARIZER

D&D CEDARIZER is a penetrating sealer, pigmented to produce a simulated Western Cedar finish. It may be used interior or exterior. Wears very well. D&D CEDARIZER allows the natural grain of the wood to show. One coat is sufficient on certain woods, others require two coats. Two coats will produce a longer-lasting finish. Further coats may be applied, according to user's desires.

Lumber to be used in contact with soil should be dipped for a minimum of three minutes or, if applied with a brush or spray method, two or more flowing coats of D&D CEDARIZER are necessary. Use on doors, cabinets, woodwork, wood paneling, tables, chairs. Be sure furniture is completely dry before using.

**D&D CEDARIZER BEAUTIFIES AND
PROTECTS WOOD AGAINST
ROT AND DECAY**

DIRECTIONS

Stir material thoroughly. Be sure area to be painted is clean and free of wax, grease or other similar substances. D&D CEDARIZER is ready to use, no thinning is necessary. Flow on evenly. Brush out brush marks and runs. Allow at least twenty-four hours between coats. Brushes may be cleaned with paint thinner.

For interior work—Be sure wood is completely sanded. On wood paneling, furniture, brush with the grain of the wood.

CAUTION—

Keep out of reach of children.

WARNING

Volatile, provide adequate ventilation. Keep container tightly closed when not in use. Harmful if swallowed or absorbed through skin! Causes skin irritation! Do not breathe vapor or spray mist. Do not get in eyes, on skin or on clothing. Wash thoroughly after handling.
