FUNGICIDE AND RODENTICIDE ACT
FOR EPIDEMIC POISON REGISTERED
ED UNDER NO. 2337-61

Comments

Excellent for Baby Crib, Play Pen, Diaper Pail, etc.

Other uses for Daisy Fresh Disinfectant Nursery Cleaner:

Bathroom	Kitchen	Other Uses
Basin	Sinks	Enameled
Bowl	Cabinets	Woodwork
Tub	Counters	Metal Surfaces
Tile	Refrigerator	
Shower Stall	(Inside & Out)	
Metal Fixtures	Garbage Can	

NOTE:

Not recommended for windows or mirrors. Certain paints and plastics may be adversely affected—try on small test area if in doubt. Pre-clean gross dirt or soils on garbage cans before application.

DIRECTIONS:

1. Shake thoroughly—before and during use.
2. With can upright, spray surface from distance of about 6 inches.
3. Wipe surface with clean cloth, sponge, or paper towel. No rinsing necessary.
4. For hard-to-reach places, spray directly on cloth and apply while cloth is moist.
5. Empty refrigerator of food before spraying inside. Prevents mold and mildew on hard surfaces.

DIRECTIONS:

1. Spray surfaces until moist.
2. Repeat application if new growth appears.

ACTIVE INGREDIENTS:

Isopropyl Alcohol	1.0000%
Tetrasodium ethylene diamine tetraacetate	.9500%
Alkyl (50% C12, 30% C14, 17% C16, 3% C18) dimethyl ethylbenzyl ammonium cyclohexylsulfamate	.3000%
INERT INGREDIENTS	<u>97.7500%</u>
	100.0000%

CAUTION: Contents under pressure. Do not puncture or incinerate. Do not expose to heat or store in temperature above 120°F. Keep away from eyes. Rinse with water anything that will come in contact with baby's mouth. Avoid contamination of food. **KEEP OUT OF THE REACH OF CHILDREN.**
