FASCO Chlordane 10 Dust is an insecticide for use against soil borne insects as directed below.

DIRECTIONS

Use contrary to these directions may cause plant, crop or personal injury, excessive residues, unsatisfactory control or other unintended consequences.

CORN and POTATOES — Against Wireworms, White Grubs, Mole Crickets and Southern Corn Rootworm Larvae that attack corn and Irish potatoes. Before planting use 25 lbs. per acre on light sandy soils or 40 lbs. (never over 100 lbs) per acre on muck soils. Broadcast and work into the top 3 or 4 inches of soil immediately.

NOTE — Crops having residues in excess of their permitted tolerances should not be marketed and to do so many violate State law and will violate Federal law when sold in interstate commerce. Such crops should not be marketed without removal of such excess residues.

Golf Courses, Parks, Lawns, Ornamental Turf and Cemeteries — (PROFESSIONAL PEST CONTROL USE ONLY) — Against Ants, Mole Crickets, Chiggers, Armyworms, Sod Webworms, Grasshoppers, apply 6-8 lbs. per 5,000 Sq. Ft.

ACTIVE INGREDIENTS

Technical Chlordane (Equivalent to 6% Octachloro-4,7-methanotetrahydroindane and 4% of related compounds)

INERT INGREDIENTS

CONDITIONS OF SALE

All statements concerning this product apply only when used as directed.

The manufacturer makes no warranties, expressed or implied, concerning this product or its use, which extend beyond the description on the label. Read all directions carefully.

DRAFT G

72-9316

Keep children and pets off treated areas until dust has been washed off by sprinkling, and grass has completely dried.

CAUTION

Avoid inhalation of dust. Avoid contamination of feed and foodstuffs. Wash skin after use. Harmful if swallowed. Keep out of reach of children. Do not use on household pets or animals. Do not re-use the container. Destroy when empty. Do not use on forage crops to be fed to or grazed by dairy animals or animals being finished for slaughter. Do not use on dairy cattle or in dairy barns. Do not use on chlordane sensitive plants such as cucurbits.

DANGER TO FISH AND WILDLIFE

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water.

Do not apply where run-off is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes.

Apply this product only as specified on this label. Do not apply when weather conditions favor drift from areas treated.
