

FASCO MALATHION DUST-5 is a combination insecticidal and miticidal dust containing 5% Malathion for use against certain insect and mite pests.

DIRECTIONS

Use contrary to these directions may cause serious plant, crop or personal injury, excessive residues, unsatisfactory control or other unintended consequences.

ORNAMENTAL FLOWERS AND SHRUBS — Against Aphids and Spider Mites apply as needed for good coverage or at 25 to 30 pounds per acre in nursery plantings.

BEANS — Against Mexican Bean Beetle, Leafhopper and Spider Mites use two or more applications as needed at 30 to not over 35 pounds per acre, not later than 24 hours before harvest.

BROCCOLI, CABBAGE, KALE, TURNIP, MUSTARD GREENS — Against Aphids, Cabbage Looper, and Imported Cabbage Worm apply 30 pounds (no more) per acre for thorough coverage when insects appear. Repeat as needed, but no later than 7 days before harvest for Cabbage, Kale, Turnip, or Mustard Greens nor 3 days for Broccoli.

CARROTS, CUCUMBERS, EGGPLANT, ENDIVE, LETTUCE, OKRA, PEPPER, POTATO, RADISH, TOMATO, STRAWBERRY — Against Aphids apply 30 pounds per acre for thorough coverage when insects appear. (Do not exceed 30 pounds per acre for carrots, okra, pepper, or potatoes; 32 pounds for endive, lettuce; 35 pounds for cucumbers, or 40 pounds for eggplant, radish, tomatoes, and strawberries.) Repeat as needed but no later than 14 days before harvest for Leaf Lettuce; 7 days for carrots, Head Lettuce, Radish Endive; 3 days for Eggplant, Pepper, and Strawberry; 1 day for tomato and cucumber. Do not apply on Okra after pods form. May be applied up to harvest on Potato. Do not apply to Cucumbers UNLESS PLANTS ARE DRY!

FLEAS — On Cats and dogs. Apply with a shaker top can to treat the animals thoroughly. Repeat every two to three

DANGER TO FISH AND WILDLIFE

This product is toxic to fish. Keep out of lakes, streams and ponds.

Do not apply when weather conditions favor drift of dust from areas treated. Containers should be disposed of by punching holes in them and burying with wastes or by burning (Keep out of smoke).

weeks if necessary. In **KENNELS, PENS, YARDS, LAWNS,** or **UNDER HOUSES** apply 1 to 2 pounds per 1,000 square feet of area with a duster or by sifting from a burlap bag. Remove manure or debris before dusting.

HORNFLIES — On ^{Hay} ~~dairy~~ and ^{beef} ~~dairy~~ cattle, use 3 tablespoons per animal on back and neck every 10 to 14 days as needed. Do not use on dairy animals later than five hours before or during milking. Do not spray or dip food containers, and water troughs.

HOGS — Against lice, dust the animals thoroughly with a shaker-can or duster. Also dust pens thoroughly. Repeat at 10-days and afterwards as needed. Avoid contaminating feed and troughs.

NOTE—Crops having residues in excess of their permitted tolerances should not be marketed and to do so may violate State law and will violate Federal law when sold in interstate commerce. Such crops should not be marketed without removal of such excess residues.

BEE CAUTION

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

CAUTION

May be harmful if swallowed. Avoid breathing of dust. Avoid contact with skin; wash thoroughly after using. Avoid contamination of feed and foodstuffs. Keep out of reach of children. Avoid use of the product on certain ferns, including Boston, Maidenhair, and Pteris, as well as some species of Crassula. Do not use this product on poultry.

CONDITIONS OF SALE

All statements concerning the use of this product apply only when used as directed. The manufacturer makes no warranties, expressed or implied, concerning this product or its use, which extend beyond the description on the label. Read all directions carefully.
