IDEAL® BRAND

CHLORDANE DUST

IDEAL® BRAND CHLORDANE DUST is for use against certain insect pests of ornamental plants and lawns and household insects as directed below.

DIRECTIONS

Use contrary to these directions may result in injury to the foliage, in unsatisfactory control or in other unintended consequences.

ORNAMENTAL SHRUBS AND FLOWERS—Against Armyworms, Climbing Cutworms, Flea Beetles, Thrips, Leafminers, and Grasshoppers. Apply as dust to foliage for light even coverage. Repeat as needed.

LAWNS AND GREENS—Against Grasshoppers, Mole Crickets, Armyworms, Sod Webworms, Chiggers, Ants, Earwigs, Crickets and certain other pests, use ½ pound per 100 square feet. Repeat as needed.

HOUSEHOLD INSECTS—Against Roaches (Water Bugs), Silverfish and Ants, dust thoroughly into Cracks, Surfaces, or other areas where these insects have been seen resting, hiding, or running. Repeat only as necessary for effective control. Do not apply to any type of finished surfaces or to materials if they might be damaged by a dust. **FOR SILVERFISH**, dust behind shelving, baseboards, in book cases and storage areas. Do not contaminate food, utensils, dishes or drinking water. **FOR ANTS**, find the nests outside and treat them liberally working the dust into the nests and mounds. Repeat when needed.

CAUTION

Avoid inhalation. Avoid contamination of feed and foodstuffs. Wash skin after use. Harmful if swallowed. Keep out of reach of children. Do not use on household pets or animals.

NON-WARRANTY

Seller makes no warranty of any kind, express or implied, concerning this product. Buyer assumes all risk of use or handling, whether in accordance with the directions or not.
