USDA Reg. No. 2342-600

2342-68

FASCO RANGE "BUTT" BAG is a modern, non-mechanical dust applicator for beef cattle. It is designed to be hung in loafing areas or in water and feeding paths so that cattle may rub against it thus "Self-Applying" the dust to their heads, backs, and sides.

DIRECTIONS

HOW TO HANG - Hang FASCO RANGE "BUTT" BAG by means of rope or chain placed through grommets along side of bag. Adjust height so that bottom of bag will hang a little below the backline of animals using it. Pull rip cord on side of bag to allow insecticide dust to settle in a lower portion of bag.

WHERE TO HANG - FASCO "BUTT" BAG should be hung in loafing areas, and in watering and feeding paths.

NUMBER OF BAGS TO USE - Use one 25 lb. bag per 20-30 animals. Do not re-fill (replace) more often than every 4 weeks.

USE PRECAUTIONS

Do not use on dairy animals. Do not contaminate feed or water.

CONDITIONS OF SALE

All statements concerning the use of this product apply only when used as directed.
