

Product No
3-1160-1

FASCO CHLOROBOR-D is a pelletized non-selective weed killer designed to be applied dry to the surface of the ground for control of weeds and grasses. The product is formulated for use on industrial and other non-crop areas such as petroleum tank yards, sawmills, warehouses, lumber yards, power plants, fences, pipelines, around loading platforms, and railroad sidinas.

NOTE — FASCO CHLOROBOR-D must be spread uniformly at rates given for effective weed control. Apply with a Seeder or Granular Herbicide Applicator. Killing action is primarily through the roots of plants, so moisture is required after application to carry the chemical to the root zone. With two little moisture, results may be slow to appear. Avoid application in hot dry weather.

FOR ANNUALS or SHALLOW ROOTED PLANTS — Apply 1 pound per 100 Square Feet. Make application in the Spring or when weeds are small.

FOR PERENNIAL AND DEEP ROOTED PLANTS — Apply 1 to 1½ pounds per 100 square feet. Where Johnson, Bermuda, and Vasey Grasses are a serious problem, apply 2 pounds per 100 Square Feet for first application. Make application whenever weeds and grasses are not over a few inches high. Rank vegetation should be cleared before treatment. This reduces fire hazard of dead weeds and aids in getting more even coverage of the area.

SPECIAL NOTE: Do not apply this product on croplands, pastures or other agricultural areas. Do not apply this product where it may leach or wash to cropland or to any body of water.

CAUTION: Keep Out of the Reach of Children. See additional cautions on this label.

CAUTION

Harmful if swallowed. May cause irritation of eyes, nose, throat, and skin. Avoid breathing dust. Avoid contact with skin, eyes, and clothing. Avoid handling with cuts or abrasions on hands and wear gloves. Wash clothing and equipment after application. Do not contaminate irrigation or domestic waters. Keep out of the reach of children and animals. Avoid contamination of feed and foodstuffs, fertilizers, and seed. Avoid drift to desirable plants.

CONTAINER DISPOSAL

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place.

IMPORTANT

Do not apply on or near desirable trees or other plants, or on other areas where their roots may extend, or in locations where the chemical may be washed or moved into contact with their roots. DO NOT use on lawns, walks, driveways, tennis courts, or similar areas. DO NOT apply near desirable plants. Thoroughly clean application equipment after use. DO NOT use equipment with which CHLORC-BOR-D has been applied for applying insecticides, fungicides, and fertilizers as plant injury may result.

DO NOT STORE WITH FOODSTUFFS.

**DO NOT STORE WITH FOODS.
STORE IN A COOL DRY PLACE.**

Avoid direct contact with ground or concrete floors.

CONDITIONS OF SALE

All states concerning the use of this product apply only when used as directed.

The manufacturer makes no warranties, expressed or implied, concerning this product or its use, which extend beyond the description on the label. Read all directions carefully.
