GRO-TONE[®]

BENOMYL[®] Systemic Fungicide

DIRECTIONS:

Gro-Tone Rose and Flower Fungicide is recommended for the control of certain diseases of roses, flowers, ornamentals, and turf. It is highly effective for the control of many fungus diseases, providing both curative (eradicator) action and protective action. This fungicide is a wettable powder to be mixed with water for application as a spray. Addition of a surfactant to the spray mixture enhances curative action of the fungicide and improves distribution of the spray on hard-to-wet plants such as roses.

ROSES (Field and Greenhouse)—Powdery Mildew, Black Spot: Use one tablespoonful per 2 gals. water. Begin application when disease first appears and repeat at 10 to 14-day intervals throughout the growing season; shorten intervals during humid, rainy weather.

FLOWERS, ORNAMENTALS (Field and Greenhouse)—Powdery Mildew, Botrytis Grey Mold: Use one tablespoonful per 2 gals. water. Begin application when disease first appears and repeat at 10 to 14 day intervals as long as needed.

TURF—Dollar Spot (Sclerotinia homeocarpa) Large Brown Patch (Rhizoctonia solani): Apply at the rate of 2 oz. (12 tablespoonfuls) per 1000 sq. ft. in sufficient water to obtain thorough coverage.

usually 2 to 5 gals. per 1000 sq. ft. Apply at least a 1/2 inch of disease and continue at 10 to 14 day intervals as long as needed. When conditions are unusually favorable to development of disease, reduce interval to 7 days. Do not graze or feed clippings from treated areas to livestock.

CAUTION: MAY IRRITATE EYES, NOSE, THROAT AND SKIN. Avoid breathing dust. Avoid contact with eyes, or clothing. Wash thoroughly after using. Keep away from fire or sparks. In case of contact, flush skin or eyes with plenty of water. If eyes get medical attention.

IMPORTANT: Never allow Gro-Tone Rose and Flower Fungicide to become wet during storage. This may lead to certain chemical changes which will reduce its effectiveness as a fungicide. Keep container closed when not in use. Do not re-use container when empty.

CONDITIONS OF SALE: All statements concerning the use of this product apply only when used as directed. The manufacturer makes no warranties, expressed or implied, concerning this product or its use, which extend beyond the description on the label. Read all directions carefully.
