72% Chlordane Spray

Gro-Tone 72% Chlordane Liquid Spray is an emulsifiable concentrate insecticide for soil treatment against insect pests as directed below.

DIRECTIONS: Ants (Outside Buildings): Mix 1 tablespoonful in 1 gal. water. Apply along runways, in cracks in cement walks and patios, around garbage containers, under porches, around outside building foundations. Spot treat nests in lawns or other infested areas.

GRASS TURF: Against Armyworms, Sod Webworms, Mole Crickets. Spray thoroughly with 1 tablespoonful in 1 gal. water per 150 sq. ft. (10 ft x 15 ft.) or 1 cup in 15 to 20 gals. water per 2,000 sq. ft. (40 ft x 50 ft.)

WARNING: Harmful if swallowed. Avoid breathing of spray mist. Contact with skin can cause toxic symptoms. In case of contact with skin, wash with soap and water. For eyes, flush with plenty of water for at least 15 minutes and get medical attention. Wash hands after use. Avoid contamination of feed and food-stuffs.

Keep out of the reach of children. Do

not feed forage crops treated with this product to dairy animals or animals being fed for slaughter. Do not treat pets or other animals with this product. When container is empty, wash thoroughly and destroy by burying with wastes. Never re-use container.

Keep children and pets off treated areas until this material is washed into the soil and grass is dry.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

DANGER TO FISH AND WILDLIFE: This product is toxic to fish, birds, and other wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Do not contaminate water by cleaning of equipment, or disposal of wastes.

CONDITIONS OF SALE: All statements concerning the use of this product apply only when used as directed. The manufacturer makes no warranties expressed or implied, concerning this product or its use, which extend beyond the description on the label. Read all directions carefully.
