Lawn Craft[®] THIRAM-M

TURF FUNGICIDE

for the prevention and control of Brown Patch, Dollar Spot, Copper Spot, and Snow Mold on golf greens and fine lawns.

for
**PROFESSIONAL
 USE ONLY**
 Not For Retail Sale

DIRECTIONS

GENERAL — THIRAM M should be used in conjunction with good turf management. It may be used in a spray application or in a powder mixed with compost. For a preventative program apply every 7 to 10 days** starting before diseases normally appear and continuing throughout the season. If a preventative program is not followed inspect turf daily and at the first sign of disease, apply THIRAM-M at the curative rate. For treatment of golf greens always treat the turf immediately surrounding the greens.

Treatment	Rate per 1000 sq. ft.	Rate per 5000 sq. ft.
Preventative	3 ozs.	1 lb.
Curative	5 ozs.	1 1/2 lbs.

During periods when disease is active or conditions particularly favor the growth of disease, reduce the interval between sprays to 3 to 5 days.

SNOW MOLD PROGRAM — (FALL) — Use 8 ozs. of THIRAM-M per 1000 sq. ft. before the first lasting snow. (SPRING) — Use a second application of 3 oz. per 1000 sq. ft. when snow melts.

APPLICATION OF SPRAY — Use enough to cover area thoroughly (5 gals. per 1000 sq. ft.). For high pressure sprayers use 200 to 300 lbs. pressure and 5 gals. of water per 1000 sq. ft. applied as a fine spray. Continuous mild agitation is necessary to keep material in suspension. Do not water or cut grass after application until spray has thoroughly dried.

APPLICATION IN COMPOST — Blend THIRAM M at the recommended rates with enough compost to uniformly cover area. Water lightly after applying for control of summer diseases.

ACTIVE INGREDIENT

THIRAM (tetramethylthiuram disulfide)	50.00%
Mercurous Chloride	6.54%
Mercuric Chloride	3.26%
INERT INGREDIENTS	40.20%

IMPORTANT — Do not allow animals to feed or graze on treated areas. Do not use grass clippings for food or feed purposes. Keep animals and unprotected persons away during application and when there is danger from drift or residues, etc. Keep package tightly closed except when removing contents and store in a ventilated place away from foodstuffs. THIRAM-M is toxic to fish. Avoid spray drift to pools and ponds.

NOTICE: The manufacturer makes no representation or warranty except as appears on this label, and shall not be responsible for any injury to person or property resulting from improper use.
