TOXAPHENE DUST-20

Product No.
20-779161

FASCO TOXAPHENE DUST-20 is an insecticidal dust composition containing 20% Toxaphene. This product is designed for use on cotton, and soybeans. It may be applied by ground equipment or by plane.

DIRECTIONS

Use contrary to these directions may cause serious plant, crop or personal injury, excessive residues, unsatisfactory control or other unintended consequences.

COTTON — Against Boll Weevil, Cotton Bollworm, Leafworm, Fleahopper; use 10 to 20 pounds of dust per acre. Start dusting with 10 pounds per acre and increase to 12 or 15 pounds per acre later in the season, depending on plant growth and degree of infestation. Against Grasshoppers, apply 15 to 20 pounds per acre. Do not apply over 20 pounds per acre on cotton.

NOTE: Do not graze dairy animals or animals being finished for slaughter in cotton fields that received late season treatments. Do not feed gin waste to livestock.

SOYBEANS — Against Armyworms, Bean-leaf beetle, Blister beetle, corn earworm, Flea beetle, Grasshoppers, Green cloverworm, Velvetbean caterpillar, and Thrips; use 10 to 15 pounds per acre. Commence dusting when insects first appear and repeat as needed. Do not exceed 20 pounds per acre. Do not apply within 21 days of harvest. Do not feed treated plants or ensilage made from treated plants to poultry, dairy animals, or animals being finished for slaughter. Do not feed soybean mill trash to livestock or poultry.

CAUTION: Keep Out of Reach of Children. Note other cautions on this label.

CONDITIONS OF SALE

All statements concerning the use of this product apply only when used as directed. The manufacturer makes no warranties, expressed or implied, concerning this product or its use, which extend beyond the description on the label. Read all directions carefully.

NOTE: Crops having residues in excess of their permitted tolerances should not be marketed and to do so may violate State law and will violate Federal law when sold in interstate commerce. Such crops should not be marketed without removal of such excess residues.

DANGER O FISH AND WILDLIFE

This product is toxic to fish and wildlife. Keep out of lakes, streams and ponds. Do not apply when weather conditions favor drift of dust from areas treated. Birds feeding on treated areas may be killed. Containers should be disposed of by burning (stay out of smoke and fumes). Do not contaminate water by cleaning of equipment, or disposal of wastes.

CAUTION

Harmful if swallowed! Avoid breathing dust. Wash thoroughly before eating or smoking. Avoid contact with eyes, skin or clothing. Wash thoroughly after using this material. Do not contaminate feed or foodstuffs. Keep away from children and domestic animals. To protect pastured animals and food crops in adjacent fields, avoid drift.
