STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Do not induce vomiting. If conscious, give water. If unconscious, do not induce vomiting. Do not give anything by mouth. **DO NOT INDUCE VOMITING.** **IF INHALED:** Remove to fresh air. Apply artificial respiration if needed. **IF ON SKIN:** Wash with soap and water. **IF IN EYES:** Flush with water.

1 Gal.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Shake well before using.

SARCOPTIC MANGE: Mix F-T-SEVIN according to the dilution table. Repeat application at weekly intervals for two or more treatments as necessary.

Water animals prior to being dipped to avoid animal's drinking of the emulsion. Discard the emulsion when it becomes too fouled for use, or depleted of active ingredient.

SPRAYING OR DIPPING: Always use the strength recommended on dilution table. Add F-T-SEVIN directly to cool water to obtain the proper dilution wt./wt. Complete and thorough coverage of the animal is essential.

Dilution Table
F-T-SEVIN (1 gal. 41.7% B) or 1 gal. 22.1% B) 100.0% B) 100.0% B)

17/4

Dear Mr. Burns:

Subject: Amendment - Revised labels per Lindane PD-4
F-T-Sevin Dip for Dogs
EPA Registration No. 2382-7
Your Application Dated May 17, 1984

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

At the next label ^{printing} ~~treatment~~ relocate the KEEP OUT OF REACH OF CHILDREN to above the signal word CAUTION (note deletion of colon). You may wish to change the product name. Presumably F-T represented Fleas and Ticks which are no longer in the product claims. Also, note that under current policy all or none of the active ingredients must appear in the product, not just sevin when the product actually also contains lindane.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (TS-767)

P.S. Since the drafting of this letter the Agency has reconsidered limiting the use of this product for controlling fleas, ticks and lice in addition to adding the required precautionary statements as indicated in this notice.
