

lime & sulphur

CONCENTRATED SOLUTION

**A Concentrated Lime and Sulphur Solution for Official Dipping
To Control Psoroptic and Sarcoptic Mange.**

Active ingredients:	
Calcium Polysulphide	29%
Calcium Thiosulfate	1%
Inert Ingredients	70%

For the dipping of Cattle, Sheep and Hogs use the following dilutions:

- Cattle . . . 1 gallon to 15 gallons of water.
- Sheep and Hogs . . . 1 gallon to 20½ gallons of water.
- Redipping . . . is necessary in 12 to 14 days.
- Repeat . . . as often as necessary.

The temperature of the baths should be 100-105 degrees F. The bath should be changed and the vat cleaned when it becomes dirty.

The solution should not be used for a second dipping but should be made fresh.

Do not dip sick or debilitated animals. Do not dip in cold or stormy weather.

For hand dressing a 1 to 8 solution should be used.

CAUTION: Use rubber gloves for hand dressing. Avoid contact with skin or eyes. May cause skin irritation. In case of contact, wash thoroughly with plenty of water.

CAUTION KEEP OUT OF REACH OF CHILDREN
