

[2382-56]

Equi-Shield Gel is especially designed to protect horses and ponies from Stable flies, Horn flies, Horse flies, Deer flies, Face flies, House flies, Mosquitoes, and Gnats.

Equi-Shield Gel imparts a high gloss to the coat when brushed out and leaves no embarrassing "greasy" effect to collect dust and dirt prior to showing.

**DIRECTIONS FOR USE**

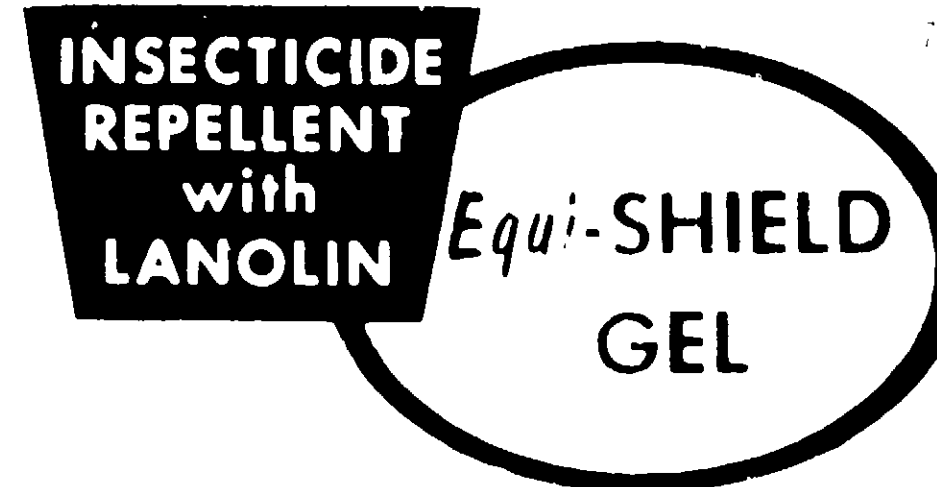

Equi-Shield Gel is a ready-to-use wipe on product. Simply lift nozzle on cap and apply squeezing pressure to bottle. Equi-Shield Gel will flow easily onto a gauze pad and can be applied freely on the animal. It is especially adaptable for treating difficult areas, such as the face or head. Repeat application daily as required. Equi-Shield Gel will not remove or discolor hair.

**CAUTION**

Keep out of reach of children. Live-stock remedy—not for human use. Avoid getting into eyes or mucous membranes. Discontinue use if irritation develops. Keep away from fire or open flame. Harmful if swallowed.

EPA Reg. No. 2382-56

Lot No.

7183-1

**AN INSECTICIDE, REPELLENT AND COAT CONDITIONER FOR USE ON HORSES AND PONIES**

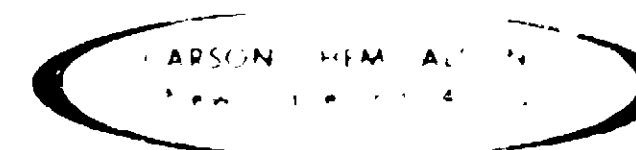

Active Ingredients	
Pyrethrins	0.1%
