Dear Mr. Miller:

Subject: Supra-Quick Mist
EPA Registration No. 2382-86
Your Letter Dated July 27, 1990

The labeling submitted in connection with registration for the product cited above under the Federal Insecticide, Fungicide, and Rodenticide Act is acceptable subject to the comment listed below. A stamped copy of the label is enclosed for your records.

- Delete the term "Natural" from the statement: "Water Base Natural Pyrethrin."

The chemistry information submitted with your letter dated July 27, 1990 is acceptable and has been placed into the file for this product.

In regards to your letter dated February 12, 1991 requesting that claims for caged bird lice and cage mites be added, no action can be taken at this time. Since you are adding new sites, you must submit an Offer-To-Pay statement indicating how you intend to support this amendment. Appropriate data must be submitted or referenced depending on which method of support you choose.

Sincerely yours,

RFM

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Rotate nozzle 1/4 turn to spray mist for and observe to get fine mist spray. (Close nozzle after 20% wastage of product). Spray at a distance of 6 to 12 inches by squeezing trigger repeatedly and rapidly.

FOR DOGS AND CATS

Direct the spray over the animal until the entire coat is wet. On a heavily coated animal ruff the coat and spray against the lay of the hair. Allow hair coat to dry before removing dead fleas by brushing or combing. This product is formulated to leave the hair coat soft and manageable for grooming. For best results in controlling ticks spray directly on the tick. Thoroughly spray water and kennel or other sleeping quarters. Repeat treatment as necessary.

Use to spray structural surfaces where spotting or staining of surfaces may be objectionable.

FOR KITTENS AND PUPPIES

For all small dogs and cats except for those with the following: Wrap the animal in a towel which has been sprayed lightly. Leave the nose and mouth exposed for normal breathing. Keep the animal wrapped for 5 to 10 minutes. Fleas may then be removed from the coat by ticking or combing. Repeat as necessary.

KILLS: Ticks, Fleas and Lice

GROOMS: Conditions coat with Lanolin

DEODORIZES: Imparts a pleasing rose floral aroma
