DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

CC Rider® Fly Repellent Gel is especially designed to protect horses and ponies from Stable flies, Horn flies, Horse flies, Deer flies, Face flies, Houseflies, Mosquitoes, and Gnats.

APPLICATION: CC Rider® Fly Repellent Gel is a ready-to-use wipe on product. Simply lift nozzle cap and apply squeezing pressure to bottle. CC Rider® Fly Repellent Gel will flow easily onto a gauze pad and can be applied freely on the animal. It is especially adaptable for treating difficult areas, such as the face and head. Avoid the animal's eyes during application. Repeat application daily as required. This gel will not remove or discolor hair. CC Rider® Fly Repellent Gel imparts a high gloss to the coat when brushed out and leaves no embarrassing "greasy" effect to collect dust and dirt prior to showing.

STORAGE AND DISPOSAL DIRECTIONS

STORAGE: Flammable! Keep away from heat or open flame.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash.
