DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with labeling.

APPLICATION: Pet-Guard Gel Forte is a ready-to-use wipe on product. Simply lift nozzle cap and apply squeezing pressure to bottle for easy flow of product onto palm of hand or desired area, then rub into coat. Pet-Guard Gel Forte imparts a high gloss to the coat when rubbed in or brushed out leaving no other visible sign of treatment. It is especially adaptable for treating difficult areas, such as the face or ears and will not blister, remove or discolor hair. Avoid the pet's eyes during application.
