

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg.
Number:

2382-115

Date of Issuance:

APR - 1 1996

Term of Issuance:

Conditional

Name of Pesticide Product:

Preventive L.A
AquaSpray for Dogs

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Virbac Inc.,
32000 Meacham Blvd.,
Fort Worth, Texas 76137

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

a. Revise the EPA Registration Number to read, "EPA Reg. No. 2382 -115 ".

b. The acute toxicity data for EPA Registration No. 2382-90 (except for primary eye irritation) can be used in support of the subject product. The primary eye irritation study used in support of EPA File symbol 2382-REU can be used in support of the subject product (Tox. Category III). Revise the Hazards to Humans section similar to that labeled for EPA File Symbol 2382-90. However, for eye irritation, change the precaution to read: "Causes moderate eye irritation. Avoid contact with eyes and clothing".

Signature of Approving Official:

Date:

c. Under Directions for Use, change the unit of measure from Metric to English.

d. Revise the rate of application to read similar to that stated for EPA Reg. No. 2382-90 i.e.,
....."This 16 oz. bottle should be sufficient for six applications at one month intervals to an average 30-35lb dog". The current instruction is confusing and may lead the user to apply the entire contents in one month.

e. We assume the product will be marketed with a trigger spray attachment to spray the product (or make reference to use such an attachment for application). The Agency discourages the marketing of products for indoor general use unless they are applied from the original container. This minimizes the potential for consumers to pour the product into unlabeled containers such as Windex bottles to apply it. Please confirm.

f. Add the wording "old" and "on animals undergoing drug or other pesticide treatment", to the statement "Consult a veterinarian before treating pregnant, nursing, sick or debilitated dogs".

g. In the last sentence under Hazards to Animals change "consult a veterinarian if reaction persists" to read "immediately seek veterinary advice".

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

virbac®

PREVENTIC™ L.A. AquaSpray for Dogs

**Kills fleas and Ticks for 1 Month
Kills Ixodes Lyme Disease Ticks**

ACTIVE INGREDIENT:

Permethrin: [(3-Phenoxyphenyl) methyl (±)cis-trans-3-(2,2-dichloroethenyl)-2,2- dimethylcyclopropanecarboxylate]* ..	2.0%
INERT INGREDIENTS	98.0%
TOTAL	100.0%

*cis-trans isomer ratio: Min. 35% (+/-) cis
Max. 65% (+/-) trans

**CAUTION
KEEP OUT OF REACH OF
CHILDREN**

See back panel for additional
precautionary statements and
directions

Net Contents: 16 fl. oz. (473 mL)

Virbac Inc.,
P.O. Box 162059,
Fort Worth, TX 76161

**Kills Fleas and Ticks for 1 month and
kills Ixodes Ticks, the vector of Lyme
Disease and Ehrlichiosis.**

**PRECAUTIONARY STATEMENT
HAZARDS TO HUMANS AND DOMESTIC
ANIMALS CAUTION**

HAZARDS TO HUMANS: Avoid breathing spray
mist. Avoid contamination of food. Wash exposed
skin with soap and water after using.

**HAZARDS TO ANIMALS: DO NOT USE ON
CATS.** Do not use on pups under 3 months of age.
Consult a veterinarian before treating pregnant,
nursing, sick or debilitated dogs. Do not spray in
eyes, face or on genitalia. In the event of adverse
reaction, shampoo dog with a non-pesticidal
shampoo to remove pesticide residue and consult a
veterinarian if reaction persists.

DIRECTIONS FOR USE: It is a violation of Federal
law to use this product in a manner inconsistent with
its labelling. Spray over entire haircoat making sure
the coat is wetted to the skin. Spray against the lay
of the hair, ruffling the coat on long-haired dogs.
Weight of dog, length of hair and density of coat will
determine amount of spray to be applied to wet to
the skin (average dose approximately 7.5 g/kg).
The contents of this bottle, applied once each
month, should be sufficient to treat an average 45
lb. dog for three months or a 20 lb. dog for seven
months. Lighter applications will reduce the period
of effectiveness and require more frequent
treatments. Allow dog to air dry or blow dry. Do not
towels dry.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area

DISPOSAL: Do not reuse empty container. Wrap
in several layers of newspaper and discard in trash

EPA Reg. No. 2382-115. EPA Est. No. 2382-IN-1
