NOTIFICATION
SEP 30 2003

Explanation: Use additional page(s) if necessary. (For section I and Section II.)
Notification of label change relative to PR Notice 2001-6. This notification is consistent with the guidance in PR Notice 2001-6 and the requirements of EPA's regulations at 40 CFR 156.10 and 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the guidance of PR Notice 2001-6 and the requirements of 40 CFR 156.10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

1. Contact Point (Complete items directly below for identification of individual to be contacted, if necessary, to process this application.)		
Name Michelle Foster	Title Registration Specialist	Telephone No. (Include Area Code) 800-338-3659 X 3545
Certification I certify that the statements I have made on this form and all attachments thereto are true, accurate and complete. I acknowledge that any knowingly false or misleading statement may be punishable by fine or imprisonment both under applicable law.		6. Data Application Received (Stamped)
2. Signature <u>Michelle Foster</u>	3. Title Registration Specialist	
4. Typed Name Michelle Foster	5. Date <u>9/12/03</u>	

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. To kill fleas and ticks harboring in lawns, backyards, dog kennels and runs, apply Yard Spray Concentrate through the hose end sprayer provided with this product or by compressed air sprayer or watering can. For best results, lawn should be mowed a day or two before spraying.

For use with Hose End Spray Applicator: The hose end applicator cap is calibrated to deliver the correct dilution rate, and when attached to this bottle will treat 6000 square feet. To treat smaller areas, stop spraying when the appropriate amount of concentrate has been used (e.g., half the concentrate should be used for a 3000 square foot yard). Remove bottle with original cap and store bottle for next application. Separate mixing of the concentrate or other application equipment is not required. First ensure the hose faucet is turned off. Then screw end of hose into the black end of the sprayer cap. Remove bottle cap (save for closing after use). Secure sprayer cap to bottle by turning bottle counter-clockwise. Turn on faucet. Spray using a slow, even sweeping motion, being sure to cover the entire lawn surface where pets frequent. Spray under ornamentals and trees but avoid soaking young or flowering plants. Flea populations are greatest where the pet spends the most time. Therefore be sure to thoroughly soak these areas (e.g., shaded areas such as underbrushes, trees, porches, inside pet kennel and wherever your pet frequents). Repeat treatment may be necessary at 7 to 14 day intervals.

For Compressed Air Sprayer or Watering Can Application: Mix two (2) fluid ounces of the concentrate per one (1) gallon of water and apply at the rate of one (1) gallon of diluted spray per 1000 square feet to surfaces of lawns, exercise runs, patios, on and under porches, crawl spaces and other outdoor areas pets frequent.

STORAGE AND DISPOSAL

STORAGE: Store in closed container in a cool, dry place.

DISPOSAL: If empty: Do not reuse container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, absorbed through skin or inhaled, causes moderate eye irritation. Avoid breathing vapors or spray mist and contact with skin, eyes or clothing. In case of contact, flush with plenty of water. Avoid contamination of food or foodstuffs. Do not spray plants used for food or feed. Keep pets and children out of treated area until after spray has dried. Do not spray on animals.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Do not induce vomiting because of aspiration pneumonia hazard.

IF IN EYES: Flush with plenty of water. Get immediate medical attention.

IF INHALED: Remove victim to fresh air or, if not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

IF ON SKIN: Wash skin with soap and warm water after use. Get medical attention if irritation persists.

IF ON CLOTHING: Remove contaminated clothing and wash before re-use.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish and aquatic invertebrates. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites. Do not contaminate water when disposing of equipment washwaters.
