## UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, D.C. 20460-0001

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

November 9, 2010

Ms. Michelle Foster, Regulatory Affairs Specialist Virbac AH, Inc. 3200 Meacham Boulevard Fort Worth, TX 76137-4611

### Subject: Label Notification(s); Pesticide Registration Notification (PRN) 98-10 PREVENTIC L.A. IGR, EPA Reg. No. 2382-124 Your Submission Dated September 23, 2010

Dear Ms. Foster:

The Agency is in receipt of your application for Pesticide Notification under Pesticide Registration Notification (PRN) 98-10, dated September 23, 2010, for the referenced product. The Registration Division has conducted a review of this request for its applicability under PRN 98-10, and finds that the action(s) requested fall within the scope of PRN 98-10.

Please be reminded that 40 CFR §156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-Notification/PRN 98-10) or durably marked on the container itself.

The label submitted with this application has been time-stamped "Notification," and will be placed within the administrative file for this product. If you have any questions, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at <u>Rodia.Carmen@epa.gov</u>.

Sincerely yours, nd leekk

Richard J. Gebken Product Manager (10) Insecticide Branch Registration Division (7504P)

## **ATTENTION: Linda Arrington**

Subject: Notification of removal of 1-800-CLEANUP number

Dear Ms. Arrington:

According to the Label Review Manual, Chapter 13: Storage and Disposal; "use of a toll-free number or website is optional"; therefore, 1-800-CLEANUP has been removed from our labels. We understand notification is not required for such a change, but we wanted to maintain a record.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Enclosed are the following revised products labels.

Ecto-Soothe® 3X Flea and Tick Shampoo for Dogs and Cats, EPA Reg. No. 2382-117 FlyPel, EPA Reg. No. 2382-132 Zema IGR Premise Spray, EPA Reg. No. 2382-183 Preventic L.A. IGR, EPA Reg. No. 2382-124 Otomite® Plus, EPA Reg. No. 2382-116 Permethrin-Pyriproxyfen Residual Shampoo for Dogs #1, EPA Reg. No. 2382-155 Pet-Guard Gel Forte, EPA Reg. No. 2382-92 Pyre-sect Dip, EPA Reg. No. 2382-89 Yard Spray Concentrate, EPA Reg. No. 2382-122

One additional change was made to the Pyre-sect Dip label. This label was submitted on May 7, 2009 in response to an MGK-326 RED reregistration deficiency letter. The word, 'Pesticide' was inadvertently left off and has been added before 'Storage' in the STORAGE AND DISPOSAL section to comply with the required verbiage in PR Notice 2007-4.

#### READ ENTIRE LABEL BEFORE EACH USE USE ONLY ON DOGS DO NOT USE ON CATS PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

HAZARD TO HUMANS: Caused moderate eye irritation. Avoid contact with eyes or clothing. Avoid breathing spray mist. Use only in a well ventilated area. Avoid contamination of food. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash before reuse.

HAZARDS TO ANIMALS:

. .

...

DO NOT USE ON CATS. DO NOT USE ON DOGS UNDER 6 MONTHS OF AGE. Do not spray in eyes, face or genitalia. Until dry do not confine treated dog in area without adequate cross ventilation.

Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant, or nursing animals.

Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap or a non-pesticidal shampoo and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

#### SIDE/BACK PANEL

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Spray over entire haircoat making sure the coat is thoroughly wetted to the skin. Spray against the lay of the hair, ruffling the coat on long-haired dogs. Weight of dog, length of hair, and density of coat will determine amount of spray to be applied to wet the skin (average dose approximately 7.5g/kg). Eight ounces (8 oz.) of product should be sufficient for two applications at a two month interval to an average 30-35 lb. dog. Lighter applications will reduce period of effectiveness and require more frequent treatments. Allow dog to air dry or blow dry. Do not towel dry. Do not spray in eyes, face or genitalia. Do not use on dogs under 12 weeks of age. Do not apply more often than once a month.

STORAGE AND DISPOSAL

Storage: Store in an area away from heat and open flame.

Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
