PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

HAZARDS TO HUMANS: Causes moderate eye irritation. Avoid contact with eyes or clothing. Avoid breathing spray mist. Use only in well ventilated area. Avoid contamination of food. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

HAZARDS TO ANIMALS: DO NOT USE ON CATS. DO NOT USE ON PUPPIES LESS THAN 12 WEEKS OLD. Do not spray in eyes, face or genitalia. Until dry do not confine treated animal in area without adequate cross ventilation.

Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant, or nursing dogs.

Sensitivities may occur after using ANY pesticide product for dogs. If signs of sensitivity occur, bathe your dog with mild soap or a non-pesticidal shampoo and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

=====

FIRST AID

=====

- If In Eyes
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
 - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes.
 - Call a poison control center or doctor for treatment advice.

- If Inhaled
- Move person to fresh air.
 - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
 - Call a poison control center or doctor for further treatment advice.

- If On Skin or Clothing
- Take off contaminated clothing.
 - Rinse Skin immediately with plenty of water for 15-20 minutes.
 - Call a poison control center or doctor for treatment advice.

=====

PHYSICAL OR CHEMICAL HAZARDS

Flammable: Keep away from heat and open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Spray over the entire haircoat making sure the coat is thoroughly wetted down to the skin. Spray against the lay of the hair, ruffling the coat on long-haired dogs. Weight of dog, length of hair and density of coat will determine amount of spray to be applied to wet the skin (average dose approximately 1.5 to 3.0 g/kg) This 16 oz. bottle should be sufficient for 7 - 14 applications at one to two week intervals to an average 40 to 50 lb. dog. When the product is applied at the full recommended rate, dog should not be retreated for 14 days. Lighter applications will reduce period of effectiveness, may result in earlier reinfection and may require more frequent retreatment. For best results in controlling ticks, spray directly on the tick. Allow pet to air dry or blow dry. Do not towel dry.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in original container in a cool, dry area away from heat and open flame. Store in an place inaccessible to children and pets.

CONTAINER DISPOSAL: If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
