26 JAN 1996

Term of Issuance: Conditional

Name of Pesticide Product: Complete
Area Treatment

NOTICE OF PESTICIDE:
 X Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Virbac Inc.
P.O. Box 162059
Forty w\Worth, Texas 76161

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/re-registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 2382-136".
 - b. Change the term, environmental treatment, to read premise or area treatment.

Signature of Approving Official:

RPK
Richard P. Keigwin, Jr.

Date:

26 JAN 1996

2 of 3

3. Submit two (2) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

RPK

Richard P. Keigwin, Jr.
Product Manager 10
Insecticide & Rodenticide Branch
Registration Division (7505C)

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

FOR INDOOR USE ONLY

Complete Area Treatment kills fleas and ticks. It contains a unique combination of ingredients that kills both adult and pre-adult fleas (i.e., eggs and larvae). It even kills fleas before they grow up to bite. **Knock Out Insect Growth Regulator**, a unique ingredient affects only insects and eradicates developing fleas for up to 120 days (4 months) by preventing their development into the adult biting stage. It reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding, floor cracks and all areas in which flea eggs and larvae develop and in which adult fleas hide in wait for your pet. **Complete Area Treatment** protects your home and pet from reinfestation and flea bites. Leaves no odor or sticky mess and, used as directed, does not stain furnishings.

TO CONTROL AND ERADICATE FLEAS & TICKS

Hold can 2 to 3 feet from surfaces to be treated. Apply uniformly as a fine mist, using a sweeping motion to carpets, rugs, drapes and all furniture. Thoroughly spray pet bedding and areas on which the pet lies since these are the primary development and hiding places for fleas and ticks. Avoid soaking furniture and carpets. **DO NOT TREAT PETS WITH THIS PRODUCT.** Use a registered Virbac flea and tick control product on your pets in conjunction with this environmental treatment to achieve an integrated parasite control program.
