Subject: Effipro Topical Solution for Cats, EPA Reg. No. 2382-186
Application Dated February 1, 2011
Decision: 446146

Dear Mr. Barron:

The labeling referred to above, submitted in connection with registration under the Federal insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, subject to the comments below:

1. All of the data and reporting requirements listed in the original Notice of Registration dated 14 January 2011 must be met.
2. The registration expiration date remains unchanged (i.e., two years from the date that the product is released for shipment).
3. The basic CSF on file for this product is the only formulation that may be associated with this product registration. Modifications to the basic CSF and alternate CSFs are not permitted.

A copy of the Agency's Child Resistant Packaging Data review is enclosed. Two (2) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records. If you have any questions, you may contact Clayton Myers at (703) 347-8874 or at myers.clayton@epa.gov.
