USDA Reg. No. 239316

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Contact with skin can cause toxic symptoms. Avoid breathing of dust. In case of contact with skin, wash with soap and water. Avoid contamination of feed and foodstuffs.

Do not apply to cucurbits (cantaloupe, cucumber, melon, squash), as injury to plants may result.

Do not use this product on feed or forage to be fed to any animals or to livestock being finished for slaughter. Do not apply or allow to drift in areas occupied by humans, beneficial animals, or to treated forage crops.

Do not permit children and pets to play in treated areas until the dust has been washed off the grass and into the soil, and grass has completely dried.

Do not contaminate ornamental foliage, plants, shrubs, trees, or lawns with this material. Do not contaminate lakes, streams or ponds with this material. Chlordane is highly toxic to fish.

To protect bees, do not apply when crops are in bloom or when bees are active on the crop. If dusting is necessary.

NOTE: Birds feeding over treated lawn may be injured.

DIRECTIONS FOR USE

For the control of ants in lawns, sprays Hopkins 5% Chlordane Dust lightly around ant hills or dust lightly over all of the area to be protected.

For the control of wire worms and white grubs, apply at the rate of 1 lb. Hopkins 5% Chlordane Dust to approximately 200 sq. ft. of surface to be protected. Do not allow dust to drift onto other crops or lawns.

For the control of grasshoppers, crickets and cutworms on corn, alfalfa, etc., apply Hopkins 5% Chlordane Dust lightly over area to be protected using at the rate of 1 lb. to approximately 1200 sq. ft. of surface.

For the control of gladiolus thrips and onion thrips, dust treated plants as soon as insects appear. Repeat application when insects reappear. Do not apply to green or sprouting onions.

TERMS OF SALE

NOTICE: Seller has used in this NOTICE and statement of **TERMS OF SALE** includes manufacturers and distributors of product. Used strictly as directed it produces satisfactory results as warranted herein. Since actual use will be beyond control and knowledge of Seller, Seller does not assume risk of injury to person or property, though it is claimed the product is used in accordance with directions and that all cautionary instructions have been followed. **THE BUYER AND USER ASSUME ALL RISK OF AND RESPONSIBILITY FOR INJURY TO PERSON OR PROPERTY CAUSED BY PRODUCT WHETHER USED IN ACCORDANCE WITH DIRECTIONS OR NOT OR WHETHER CAUSED BY NEGLIGENCE OF SELLER.** Seller ONLY warrants that this product conforms to chemical description on label and will perform as described on label. **SELLER DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTY OF MERCHANTABILITY** except insofar as it includes a warranty to control the insects mentioned herein when used strictly in accordance with directions. Seller has not conducted experiments on the use or the packaging of this product. No agent or representative of the Seller is authorized to make any warranty, guarantee, or representation contrary to the **TERMS OF SALE** stated on the product label. Seller's complete statement of terms and conditions under which product is sold.

In any event, it is agreed by BUYER and USER that remedy of all the foregoing of warranty, or for negligence, is to consist solely and exclusively of amount of purchase price.

PURCHASE OR USE OF THIS PRODUCT CONSTITUTES ACCEPTANCE OF ALL TERMS STATED HEREIN.
