PEACH: Brown, Red and Yellow. The Peach is a very popular variety. It is a very early variety and is very productive. It is a very good variety for the home garden. It is a very good variety for the home garden. It is a very good variety for the home garden.

PEAR Reproductive output of female fish was calculated as the number of eggs produced per female per year. Reproductive output was estimated by multiplying the mean clutch size by the proportion of females spawning each year. The proportion of females spawning each year was determined from the proportion of females with vitellogenic ovaries.
