DIAZINON SEED PROTECTANT

To protect germinating corn seed and seedlings against seed corn beetles and seed corn maggots.

Directions For Use

CORN: To protect germinating seeds and seedlings against seed corn beetles and seed corn maggots, apply contents of this packet to 1 bushel seed at planting time by dusting it over the seed as it is dumped into the planter box.

PEAS, SOYBEANS AND BEANS (LIMA, SNAP, WHITE AND KIDNEY): Seed Corn Maggots — Apply contents of this packet to 1-1/3 to 2-2/3 bushels of seed as a dry mixture in the planter box as a seed treatment prior to planting.

Thoroughly stir the product with a paddle or tath onto the seed so that each seed is coated with the seed protectant. If temperature is high and soil moisture is low, reduce dosage to one-half, especially for mid-season planting. DO NOT USE BARE HANDS.

Diazinon Seed Protectant should be applied in conjunction with or over an approved fungicidal seed treatment, but do not use on seed already treated with an insecticide. Plant within one month of treatment.

Under some circumstances, Diazinon Seed Protectant may affect the rate of seeding. It is necessary for the user to check planting rate frequently to assure himself that the desired planting rate is being obtained.

Hopkins

DIAZINON® SEED PROTECTANT

ACTIVE INGREDIENT:

O,O-Diethyl O-(2-(isopropyl-6-methyl-4-pyrimidinyl)phosphorothioate	33.00%
INERT INGREDIENTS:	67.00%
TOTAL	100.00%

EPA Est. No. 2393-WI-1

KEEP OUT OF REACH OF CHILDREN WARNING

See Back Panels For Complete Warning Statements.
Use Instructions and Notice of Warranty.

NET WEIGHT

4 OZ.

WARNING: May be fatal if swallowed. May be absorbed through skin. Do not breathe dust. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling. Avoid contamination of feed and foodstuffs. Keep out of reach of domestic animals. Do not use on livestock, household pets, or humans.

This product is toxic to fish and wildlife. Birds feeding on exposed treated seed may be harmed. Keep out of any body of water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Dispose of all excess treated seed and seed packaging by burial away from bodies of water.

Apply this product only as specified on this label.

Treated seed must not be used for or mixed with food or animal feed, or processed for oil. Seed commercially treated with Diazinon Seed Protectant must be labeled in accord with all applicable requirements of the Federal Seed Act.

Do not reuse empty container. Wrap container and put in trash collection.

NOTICE OF WARRANTY

Seller makes no warranty, express or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
