DIRECTIONS FOR USE

For the control of sarcoptic mange, and as an aid in the control of certain ticks and lice on hogs, especially in the winter when the use of a dip is not advised. Simply disperse a visible coating of the powder over the animal to be treated by means of a dust gun or shaker can. Treat the animal and its quarters. Dust should be applied in a well-ventilated area. If it is desired to use this product as a dip, simply suspend the powder in water at the rate of one-half pound of powder to each gallon of water and dip. Do not treat sows within 2 weeks of farrowing nor for at least 3 weeks after. Do not dip animals in cold stormy weather. Avoid treating overheated or sick animals. Do not treat animals under 2 weeks of age.

Used dip solutions must be disposed of in accordance with the Resource Conservation and Recovery Act (RCRA). If the applicator generates more than 1000 kg (2200 lbs.) of used dip solution per month or more than 1000 kg (2200 lbs.) used dip solution in combination with other hazardous waste, the material must be treated as a hazardous waste subject to subpart C of RCRA. Any user who wishes to treat, store or dispose of hazardous waste must obtain a permit to serve as a hazardous waste facility pursuant to RCRA.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

Storage: Keep container tightly closed. Store in original container.

Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

Container Disposal: Do not reuse empty container. Discard empty container in trash.

CAUTION

Avoid inhaling dust. Avoid contamination of foodstuffs and feed. Avoid contact with skin and eyes. May be absorbed through skin and dust may irritate nasal membrane. Wash thoroughly after handling. Do not apply dust within 30 days of slaughter. Do not dip within 60 days of slaughter.

NOTICE OF WARRANTY

MANUFACTURER AND SELLER MAKE NO WARRANTY OF MERCHANTABILITY, FITNESS FOR ANY PURPOSE, OR OTHERWISE, EXPRESS OR IMPLIED, concerning this product or its use, which extend beyond the statement on this label.

Dear Ms. Thompson:

Subject: Lindane RPAR
Hopkins Hog Mange Powder
EPA Reg. 2393-361
Appl. Date: December 2, 1983

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. A STATEMENT OF PRACTICAL TREATMENT must be added to the labeling. We suggest the following statement, however, if your toxicological data suggests otherwise, please submit a draft STATEMENT OF PRACTICAL TREATMENT for prior approval:

"STATEMENT OF PRACTICAL TREATMENT

If swallowed-Call a physician or Poison Control Center immediately.

Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled- Remove victim to fresh air. Apply artificial respiration if indicated.

If on skin- Remove contaminated clothing and wash affected area with soap and water.

If in eyes- Flush eyes with plenty of water. Call a physician if irritation persists."

2. Insert the following headings to immediately precede: "CAUTION: Avoid inhaling dust..."

"PRECAUTIONARY STATEMENTS

HAZAROUS TO HUMANS AND DOMESTIC ANIMALS"

3. Revise the following appearing under "HAZARDS TO HUMANS...":

"Wash thoroughly after handling and before eating or smoking."

(Underscore added to indicate revision; do not reproduce underscore on the label.)

4. Insert the following to immediately follow the heading DIRECTIONS FOR USE:

"It is a violation of Federal law to use this product in a manner inconsistent with its labeling."

5. Insert the following in the "PRECAUTIONARY STATEMENTS" section, following "HAZARDS TO HUMANS..."

"ENVIRONMENTAL HAZARDS"

This product is toxic to fish, birds and other wildlife. Do not contaminate water by the cleaning of equipment or by disposal of used dip solution or wastes."

Submit five (5) copies of your revised final printed labeling before you release the product for shipment with the amended labeling.

A stamped copy of the label is enclosed for your records.

If you hold a Federal registration, a supplemental registration, or a Special Local Needs registration, you may continue to produce new stocks of such products, using current labeling, until April 30, 1984. After that date, all remaining inventories of affected products will fall under the Existing Stocks provisions stated in our letter of October 28, 1983.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (TS-767C)

Enclosure

P.S. Add the following to the use directions:

"When using this product as a dust wear long sleeve shirt, long trousers, and a dust mask during application."

"When using this product as a liquid:

"Applicators must wear water resistant hat, lightweight protective suit or coveralls, unlined waterproof gloves (natural rubber, neoprene polyethylene), and unlined, lightweight boots."

"Mixer/loaders must wear goggles or face shield, waterproof apron, and waterproof gloves."
