Attention: Ms. Judith Thompson

Subject COV-R-TOX Encapsulated Warfarin
EPA Reg. No. 2393-390
Revised Label
Your letter of June 5, 2001

The labeling submitted with the above letter, under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) is acceptable, provided you submit one (1) copy of final printed labeling to us before you ship your product. A copy of the stamped label is enclosed for your records.

Existing stocks of labels Stocks of existing labels may be used for eighteen (18) months.

Consequence for non-compliance If this condition is not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of this condition.

EPA contact If you have any questions about this letter, please contact me by phone (703-305-5407), fax (703-305-6596), or E-Mail (peacock.dan@epa.gov).

Sincerely,

Daniel B. Peacock, Biologist
Insecticide-Rodenticide Branch
Registration Division (7504C)

ACCEPTED
JAN 10 2002
Under the Federal Insecticide, Fungicide, and Rodenticide Act, this pesticide has amended, for the pesticide registered under 2393-390 or and/or Registered

COV-R-TOX®

**ENCAPSULATED WARFARIN - 50% TECHNICAL
MANUFACTURING CONCENTRATE**

For Formulation Only into Registered Rodenticide Concentrates and/or Registered End-Use Rodenticides to Kill Norway Rats, Roof Rats and House Mice.

ACTIVE INGREDIENT:

Warfarin [3-(alpha-Acetylbenzyl)-4-hydroxycoumarin] 50.00%

INERT INGREDIENTS: 50.00%

TOTAL 100.00%

EPA Reg. No. 2393-390

EPA Est. No. 61282-WI-1

KEEP OUT OF REACH OF CHILDREN

DANGER

POISON

STATEMENTS OF PRACTICAL TREATMENT

Get medical attention in all cases of suspected poisoning.

IF SWALLOWED: Call a physician or Poison Control Center immediately. Induce vomiting by giving two glasses of water and touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

IF IN EYES: Flush immediately with plenty of water.

IF ON SKIN: Wash thoroughly with soap and water.

IF INHALED: Remove from exposure. Clear airway and assist respiration if needed.

NOTE TO PHYSICIAN: If ingested, administer Vitamin K₁ intramuscularly or orally, as indicated in bishydroxycoumarin overdoses. Repeat as necessary based on monitoring of prothrombin times. In severe cases, administer Vitamin K₁ intravenously and administer blood transfusions.

OVEREXPOSURE SYMPTOMS: Symptoms may include back pain, weakness (anemia), proneness to bruising, nose bleed, bleeding gums and bloody vomit or urine. If serious overexposure or ingestion is known to have occurred, do not delay medical attention.

See back panel for additional precautionary statements.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER**

Fatal if swallowed or inhaled. If swallowed by humans, domestic animals, wildlife or pets, this material may reduce the clotting ability of the blood and cause bleeding. Do not get in eyes, on skin or on clothing. Do not breathe dust. When mixing concentrates or baits, use a dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C), or a NIOSH approved respirator with any R, P, or HE filter. Use chemical resistant gloves when mixing concentrates and/or baits containing warfarin. Wash thoroughly with soap and water after handling and before eating, smoking or using toilet. Protective goggles (or equivalent) and facility for eye-wash recommended. Wear body-covering clothing changed daily, or more often if contaminated. Launder clothing before reuse. Consult physician about baseline and periodic complete blood count and prothrombin time tests.

Keep away from domestic animals, wildlife or pets. Avoid contamination of feed and foodstuffs.

Exposure during pregnancy should be avoided. Warfarin may cause harm to the fetus, including possible birth defects.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

PRODUCT DESCRIPTION

Each particle of the warfarin in this product has been specially coated with a material that reduces detection of the warfarin by the rodents at the time the bait is consumed. The coating may help assure greater acceptance of the bait in cases where rodent awareness of uncoated warfarin is responsible for low bait acceptability.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into a Rodenticide, for (1) the following uses: control of Norway rats, roof rats, and house mice in and around homes, agricultural and industrial building, and similar man-made structures, and in sewers; (2) uses for which USEPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and (3) uses for experimental purposes that are in compliance with USEPA requirements.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Keep product in tightly closed original container. Store in a dry area not accessible to children, pets, domestic animals or wildlife. Do not store near material with a strong odor.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

This product is for manufacturing purposes only. Formulators are responsible for compliance with pesticide registration regulations relating to use of this material.

NOTICE OF WARRANTY: Manufacturer and Seller make no warranty of merchantability, fitness for any purpose or otherwise, express or implied concerning this product or its use, which extends beyond the statements on this label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
