

NOTICE OF WARRANTY

Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal use conditions, or under conditions not reasonably foreseeable to Seller and Buyer and User assumes the risk of any such use. SELLER DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF FITNESS OR MERCHANTABILITY. SELLER SHALL NOT BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT AND SELLER'S SOLE LIABILITY AND BUYER'S AND USER'S EXCLUSIVE REMEDY SHALL BE LIMITED TO THE REFUND OF THE PURCHASE PRICE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Dilute as Directed.

Do not mix with soap or synthetic detergents.

DISINFECTION OF POTATO HANDLING EQUIPMENT — Surfaces to be treated must be precleaned. Wash thoroughly then mop or spray a solution containing one fluid ounce of this product per two gallons of water, or 400 ppm of active ingredient, on all handling equipment.* A fresh solution should be made for each use.

DISINFECTION OF POTATO STORAGE EQUIPMENT AND AREAS — Surfaces to be treated must be precleaned. Wash thoroughly then mop or spray a solution of one fluid ounce of this product per two gallons of water, or 400 ppm of Active Ingredient, on all surfaces.* A fresh solution should be made for each use.

DISINFECTION OF USED SEED POTATO BAGS ONLY — Soak used bags in a solution containing one fluid ounce of this product per two gallons of water, or 400 ppm of Active Ingredient, for one hour. Approximately 250 bags can be disinfected in 40 gallons of this solution. Change the solution if dirt and other foreign matter accumulation becomes excessive. Dry bags before use.

* **NOTE:** Handling equipment and storage areas treated with this product must be rinsed with potable (drinkable) water if table stock (food potatoes) is to be handled or stored. Do not rinse treated surfaces for at least 10 minutes following application.

ppm — parts per million

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Keep container closed when not in use. If stored below 32°F., allow product to thaw and mix before use.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

STATEMENT OF PRACTICAL TREATMENT

If in eyes: Flush immediately with water. Get medical attention.

If on skin: Wash with plenty of soap and water. Get medical attention.

If swallowed: Drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Get medical attention.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

ACCE

AUG 2

Under the Fed. Fungicide, and on amended, is registered with EPA Reg. No.
